As we leave the comparatively safe shelter of a small high school and encounter the world, we remember vividly incidents from the past, both pleasant and unpleasant. The time we willingly gave for a service project our club was in charge of . . . the enjoyment we got from a dance or other activity . . . the effort we put forth to write a news story or meet a deadline . . . the satisfaction we felt after a "job well done" . . . the disappointment we experienced because of losing an election. These, and many other things, we remember. But one thing we draw from all our experiences, in school and out, is the ability to live and work with other human beings. With this precious ability, many of the doors looming before us open more readily, and we are welcomed into the world.

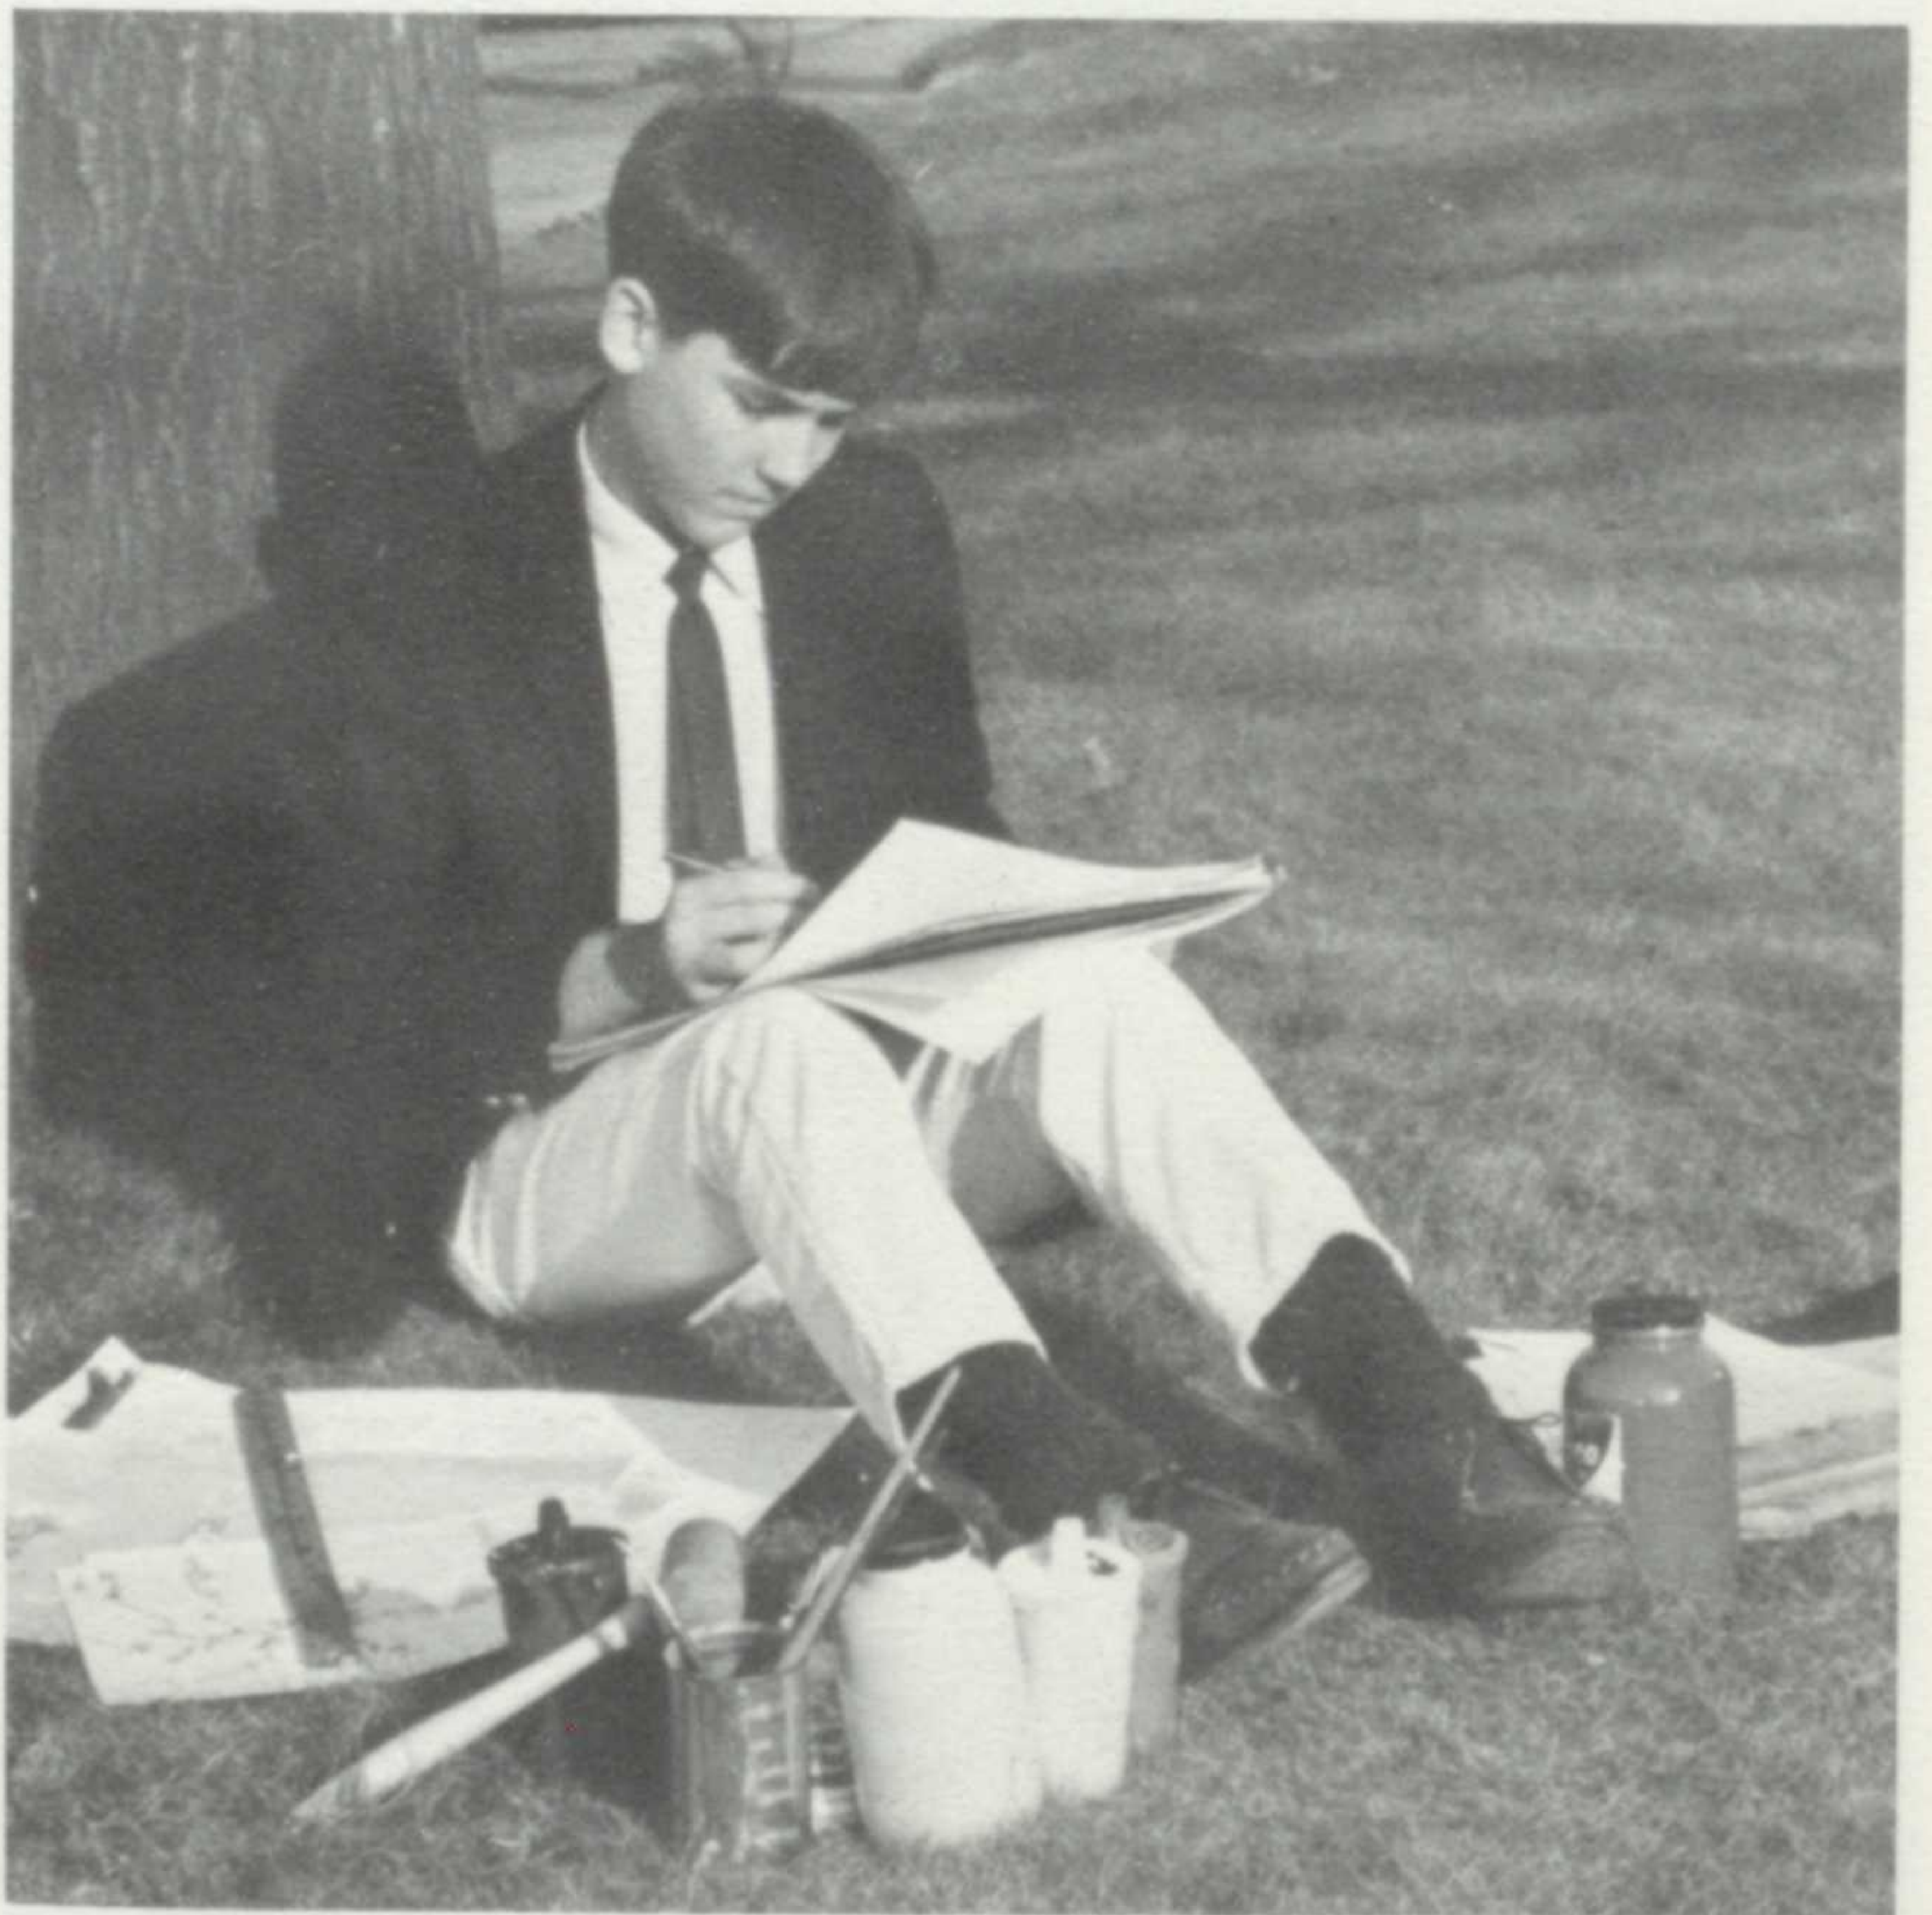

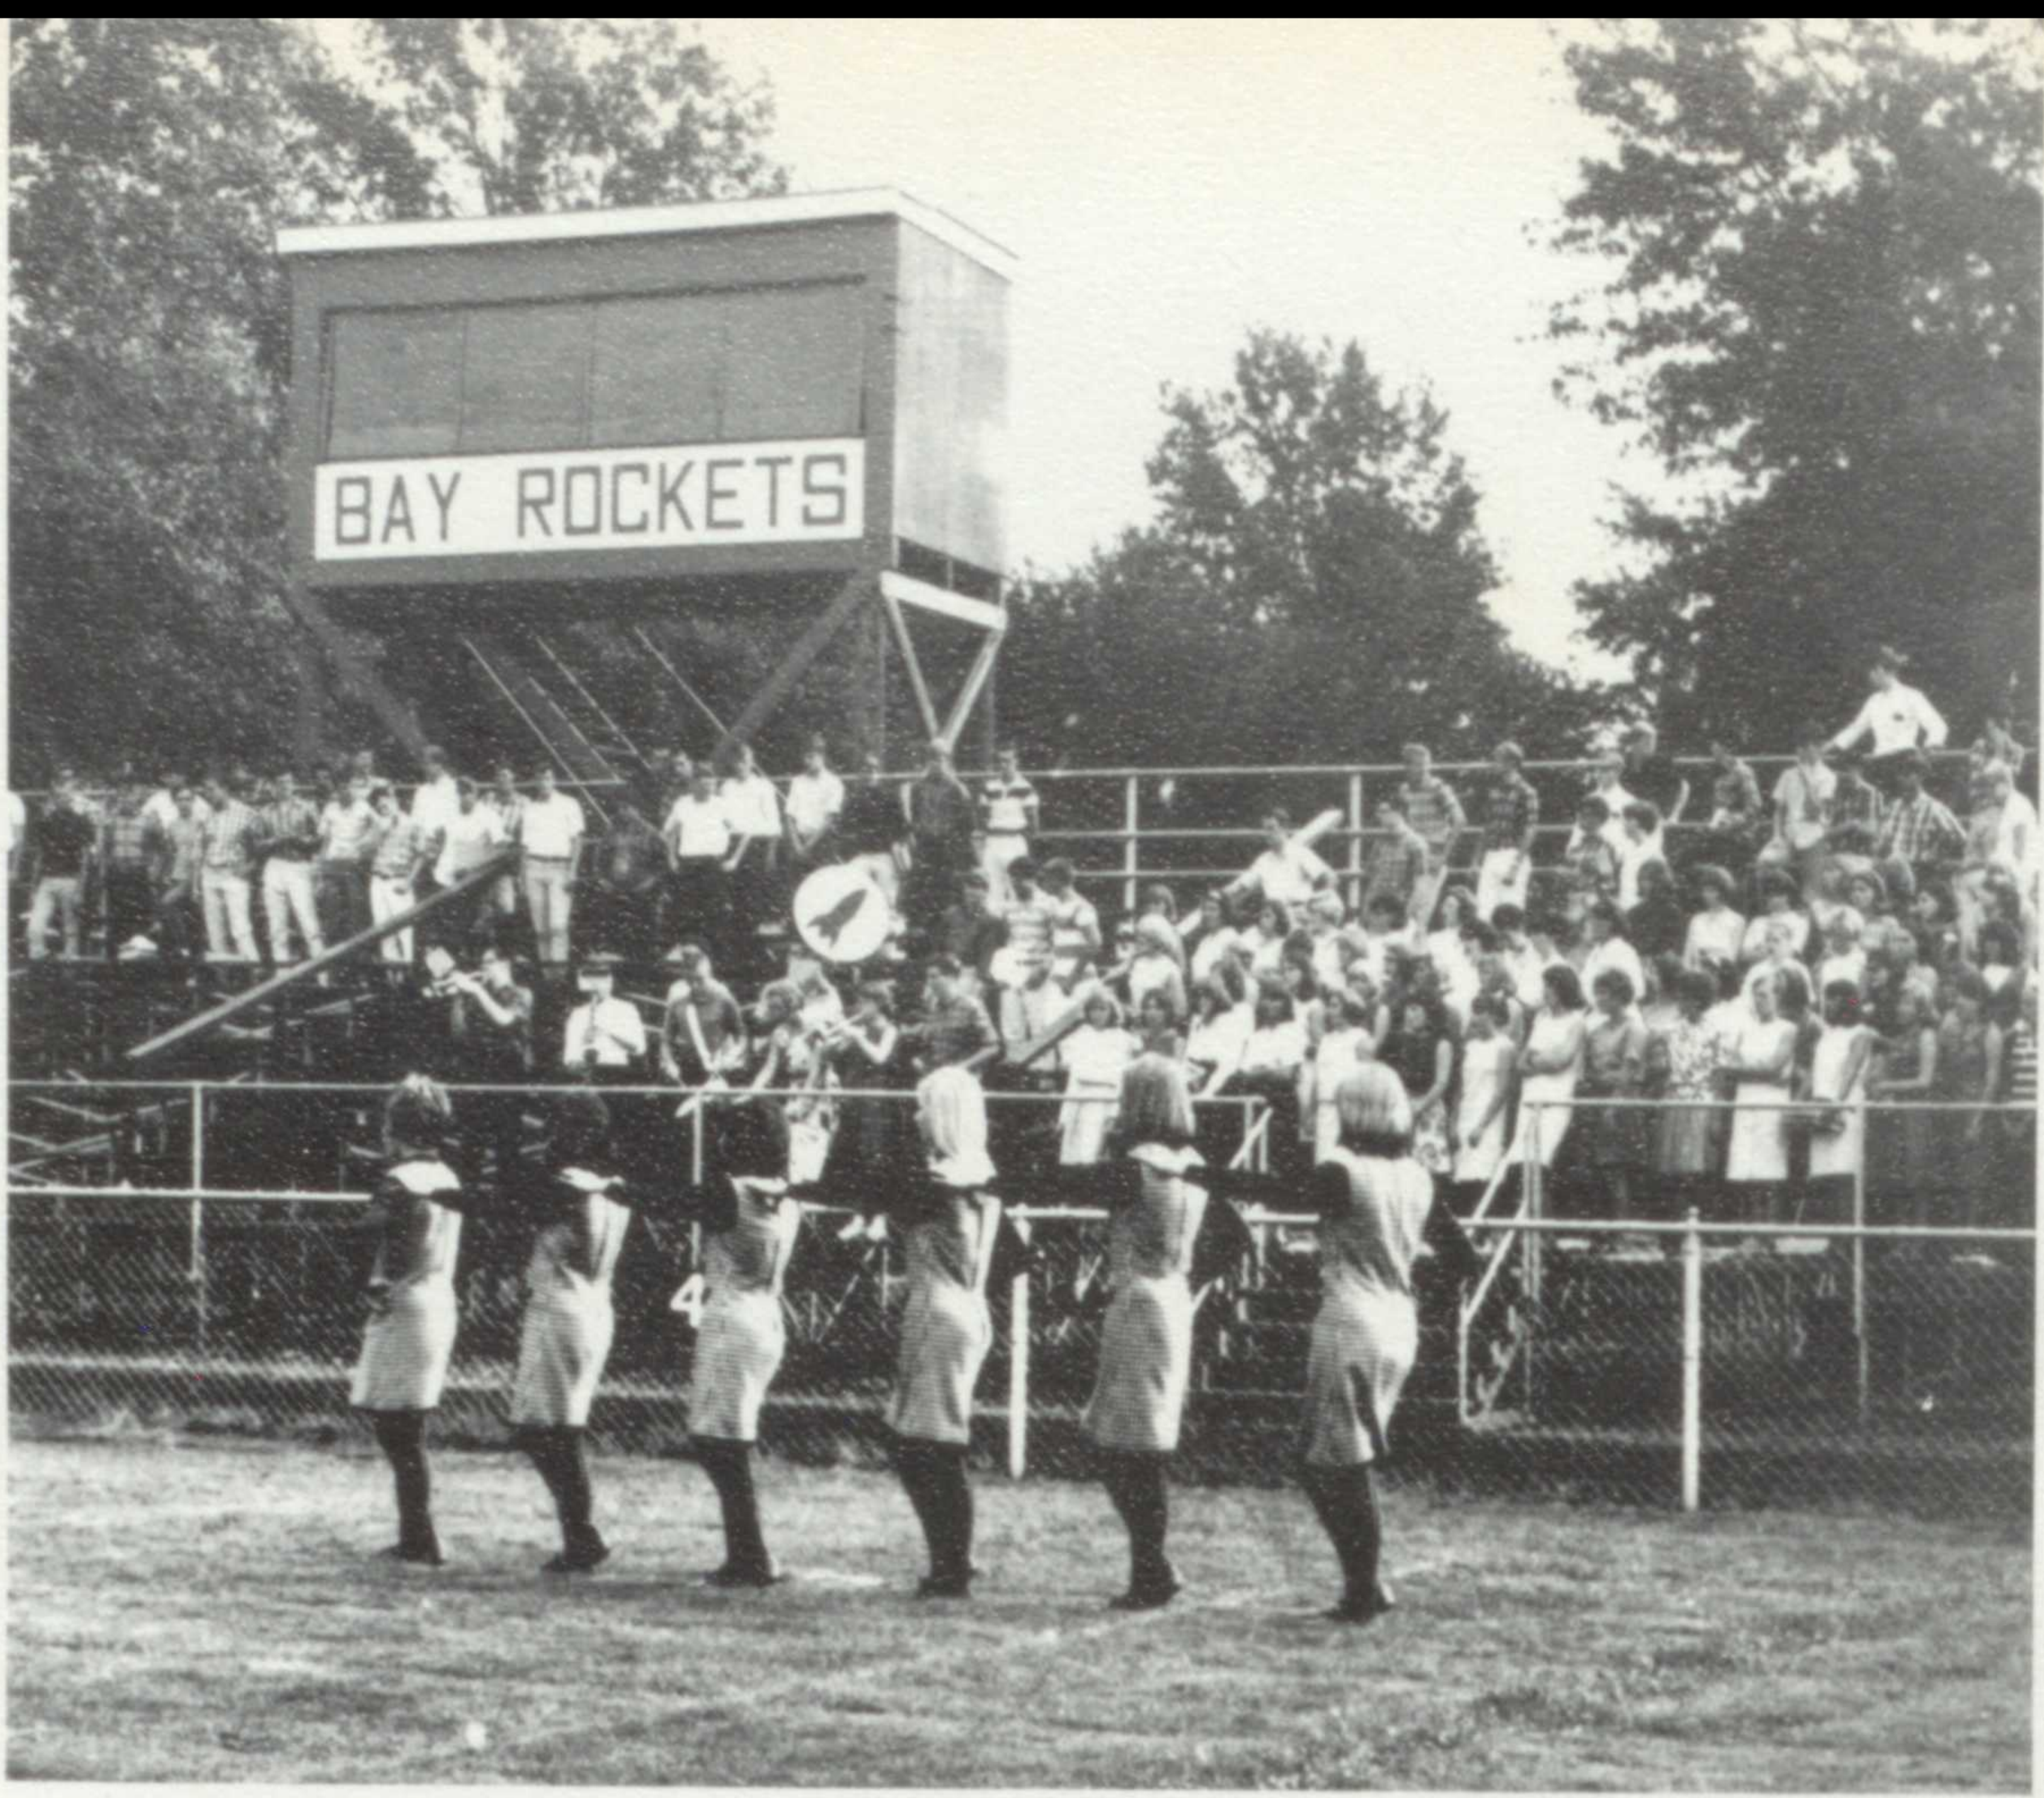

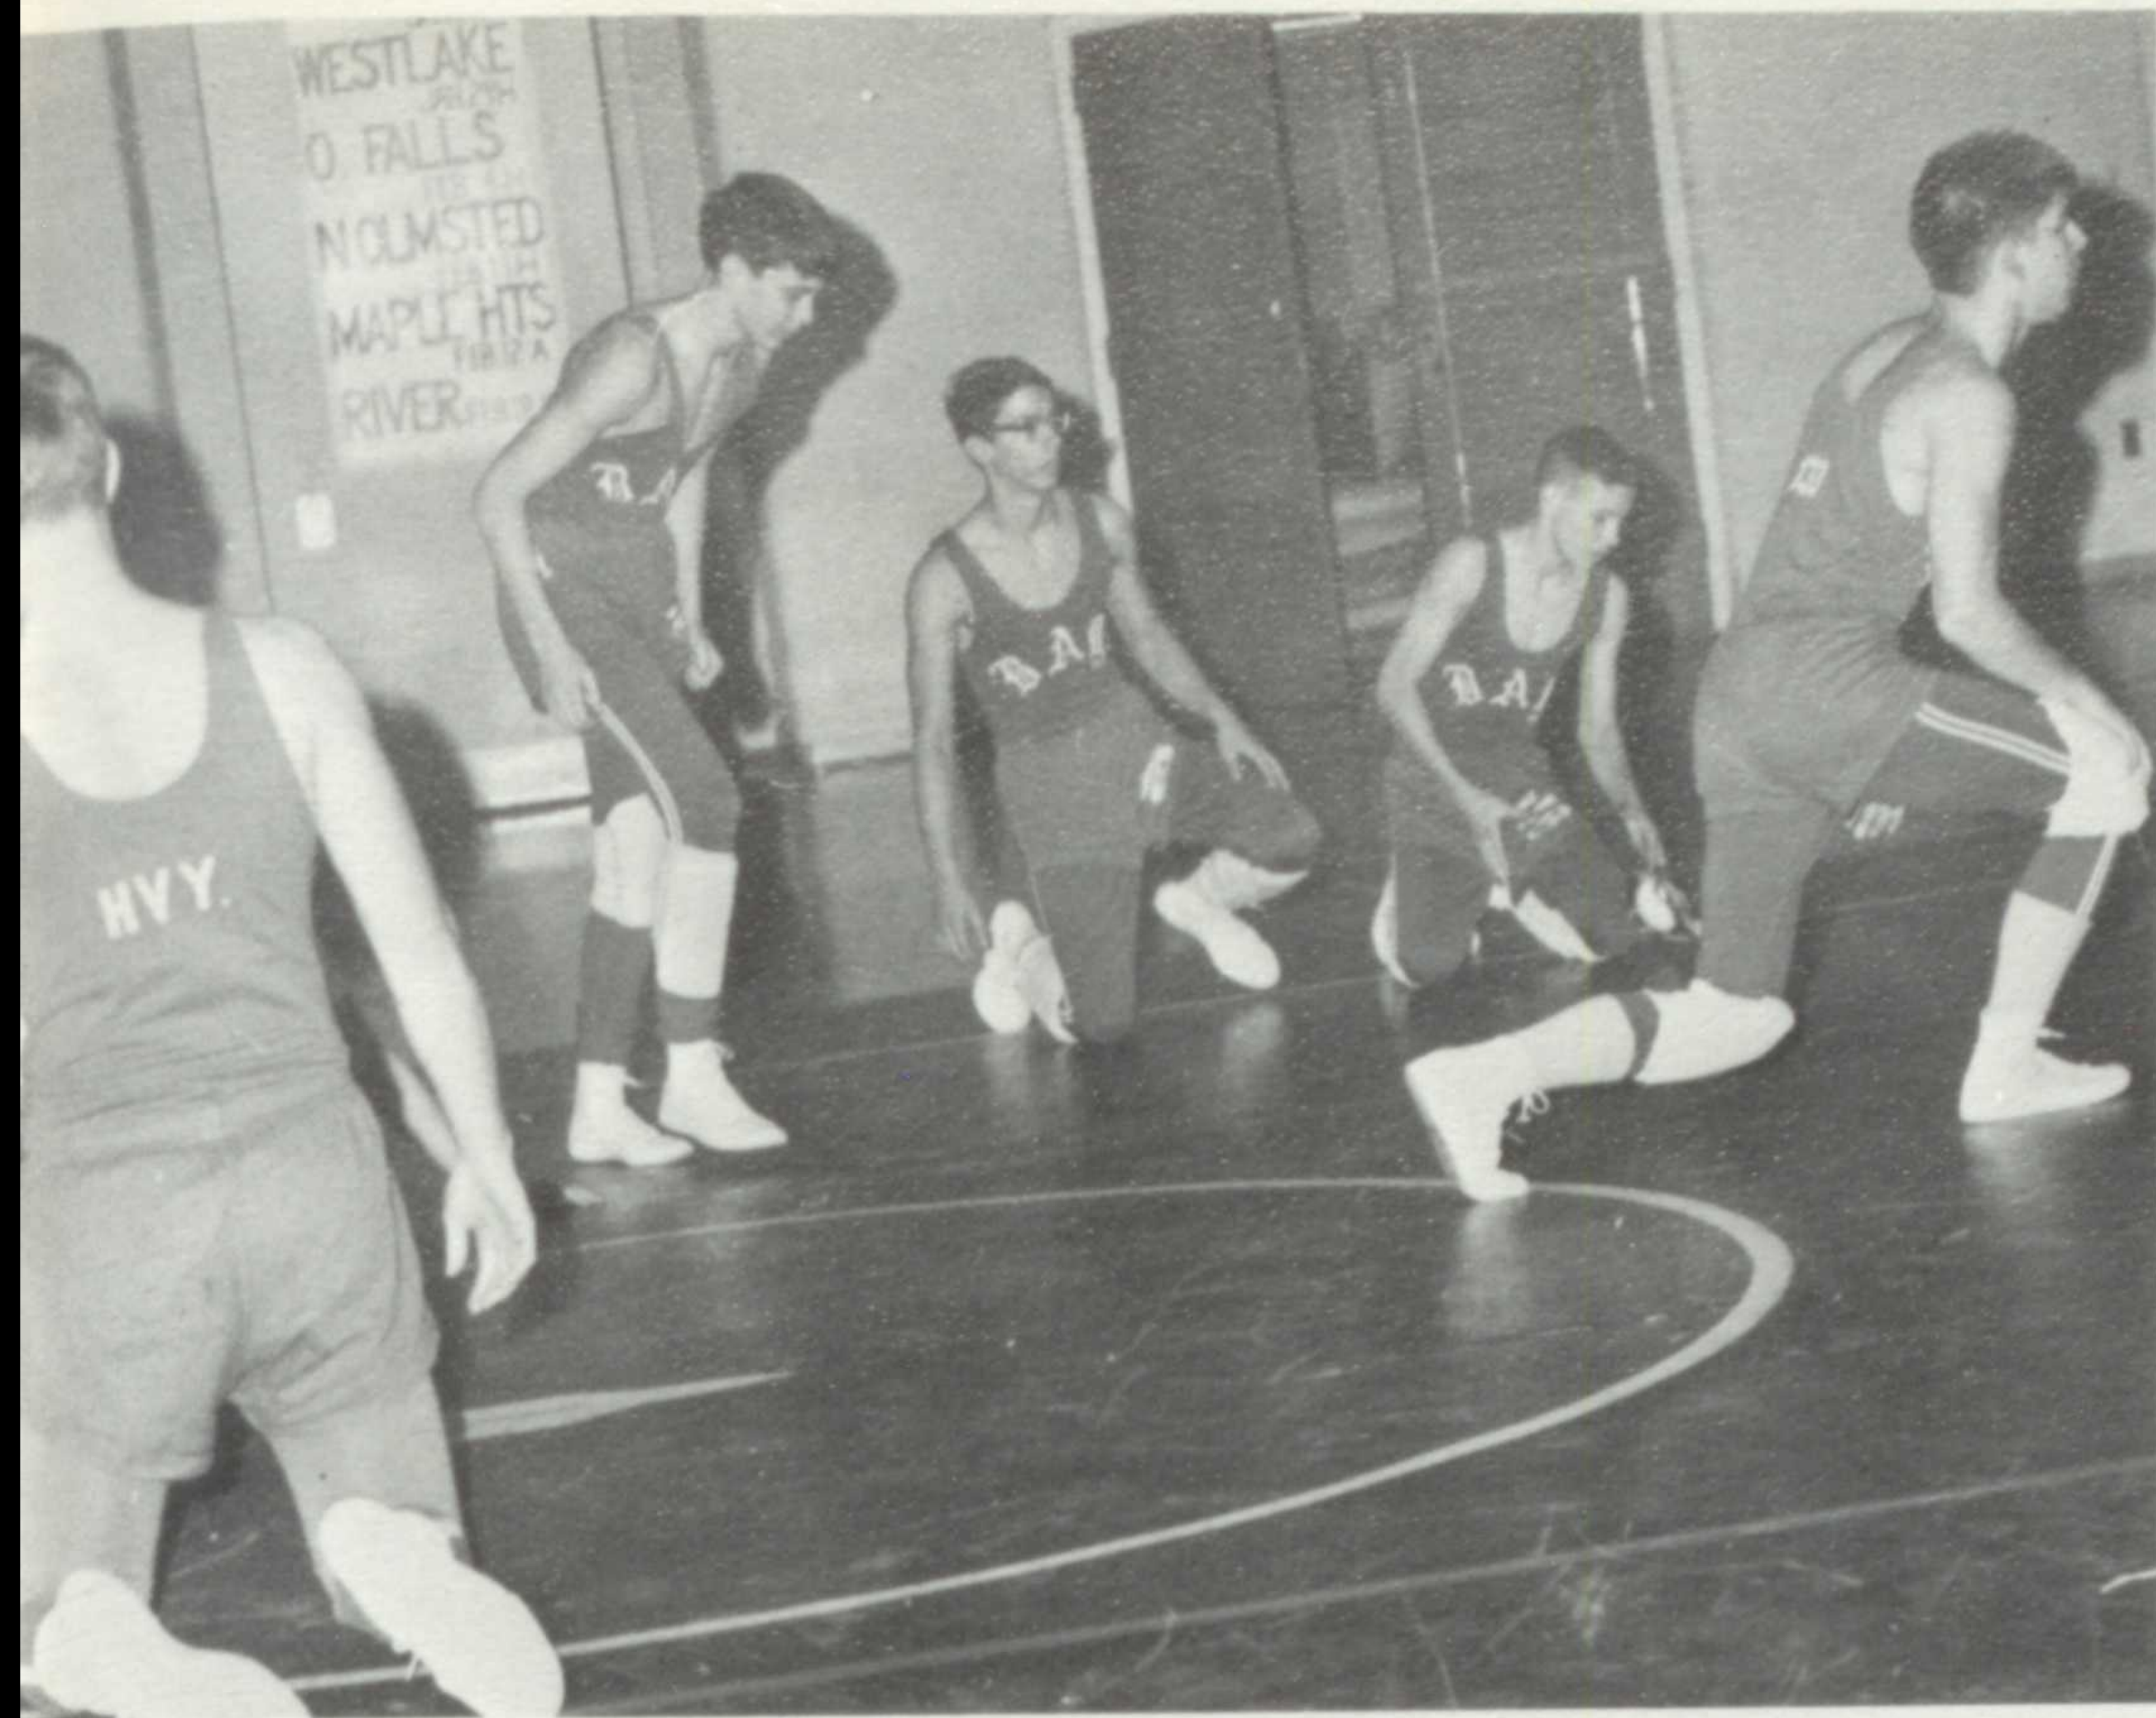

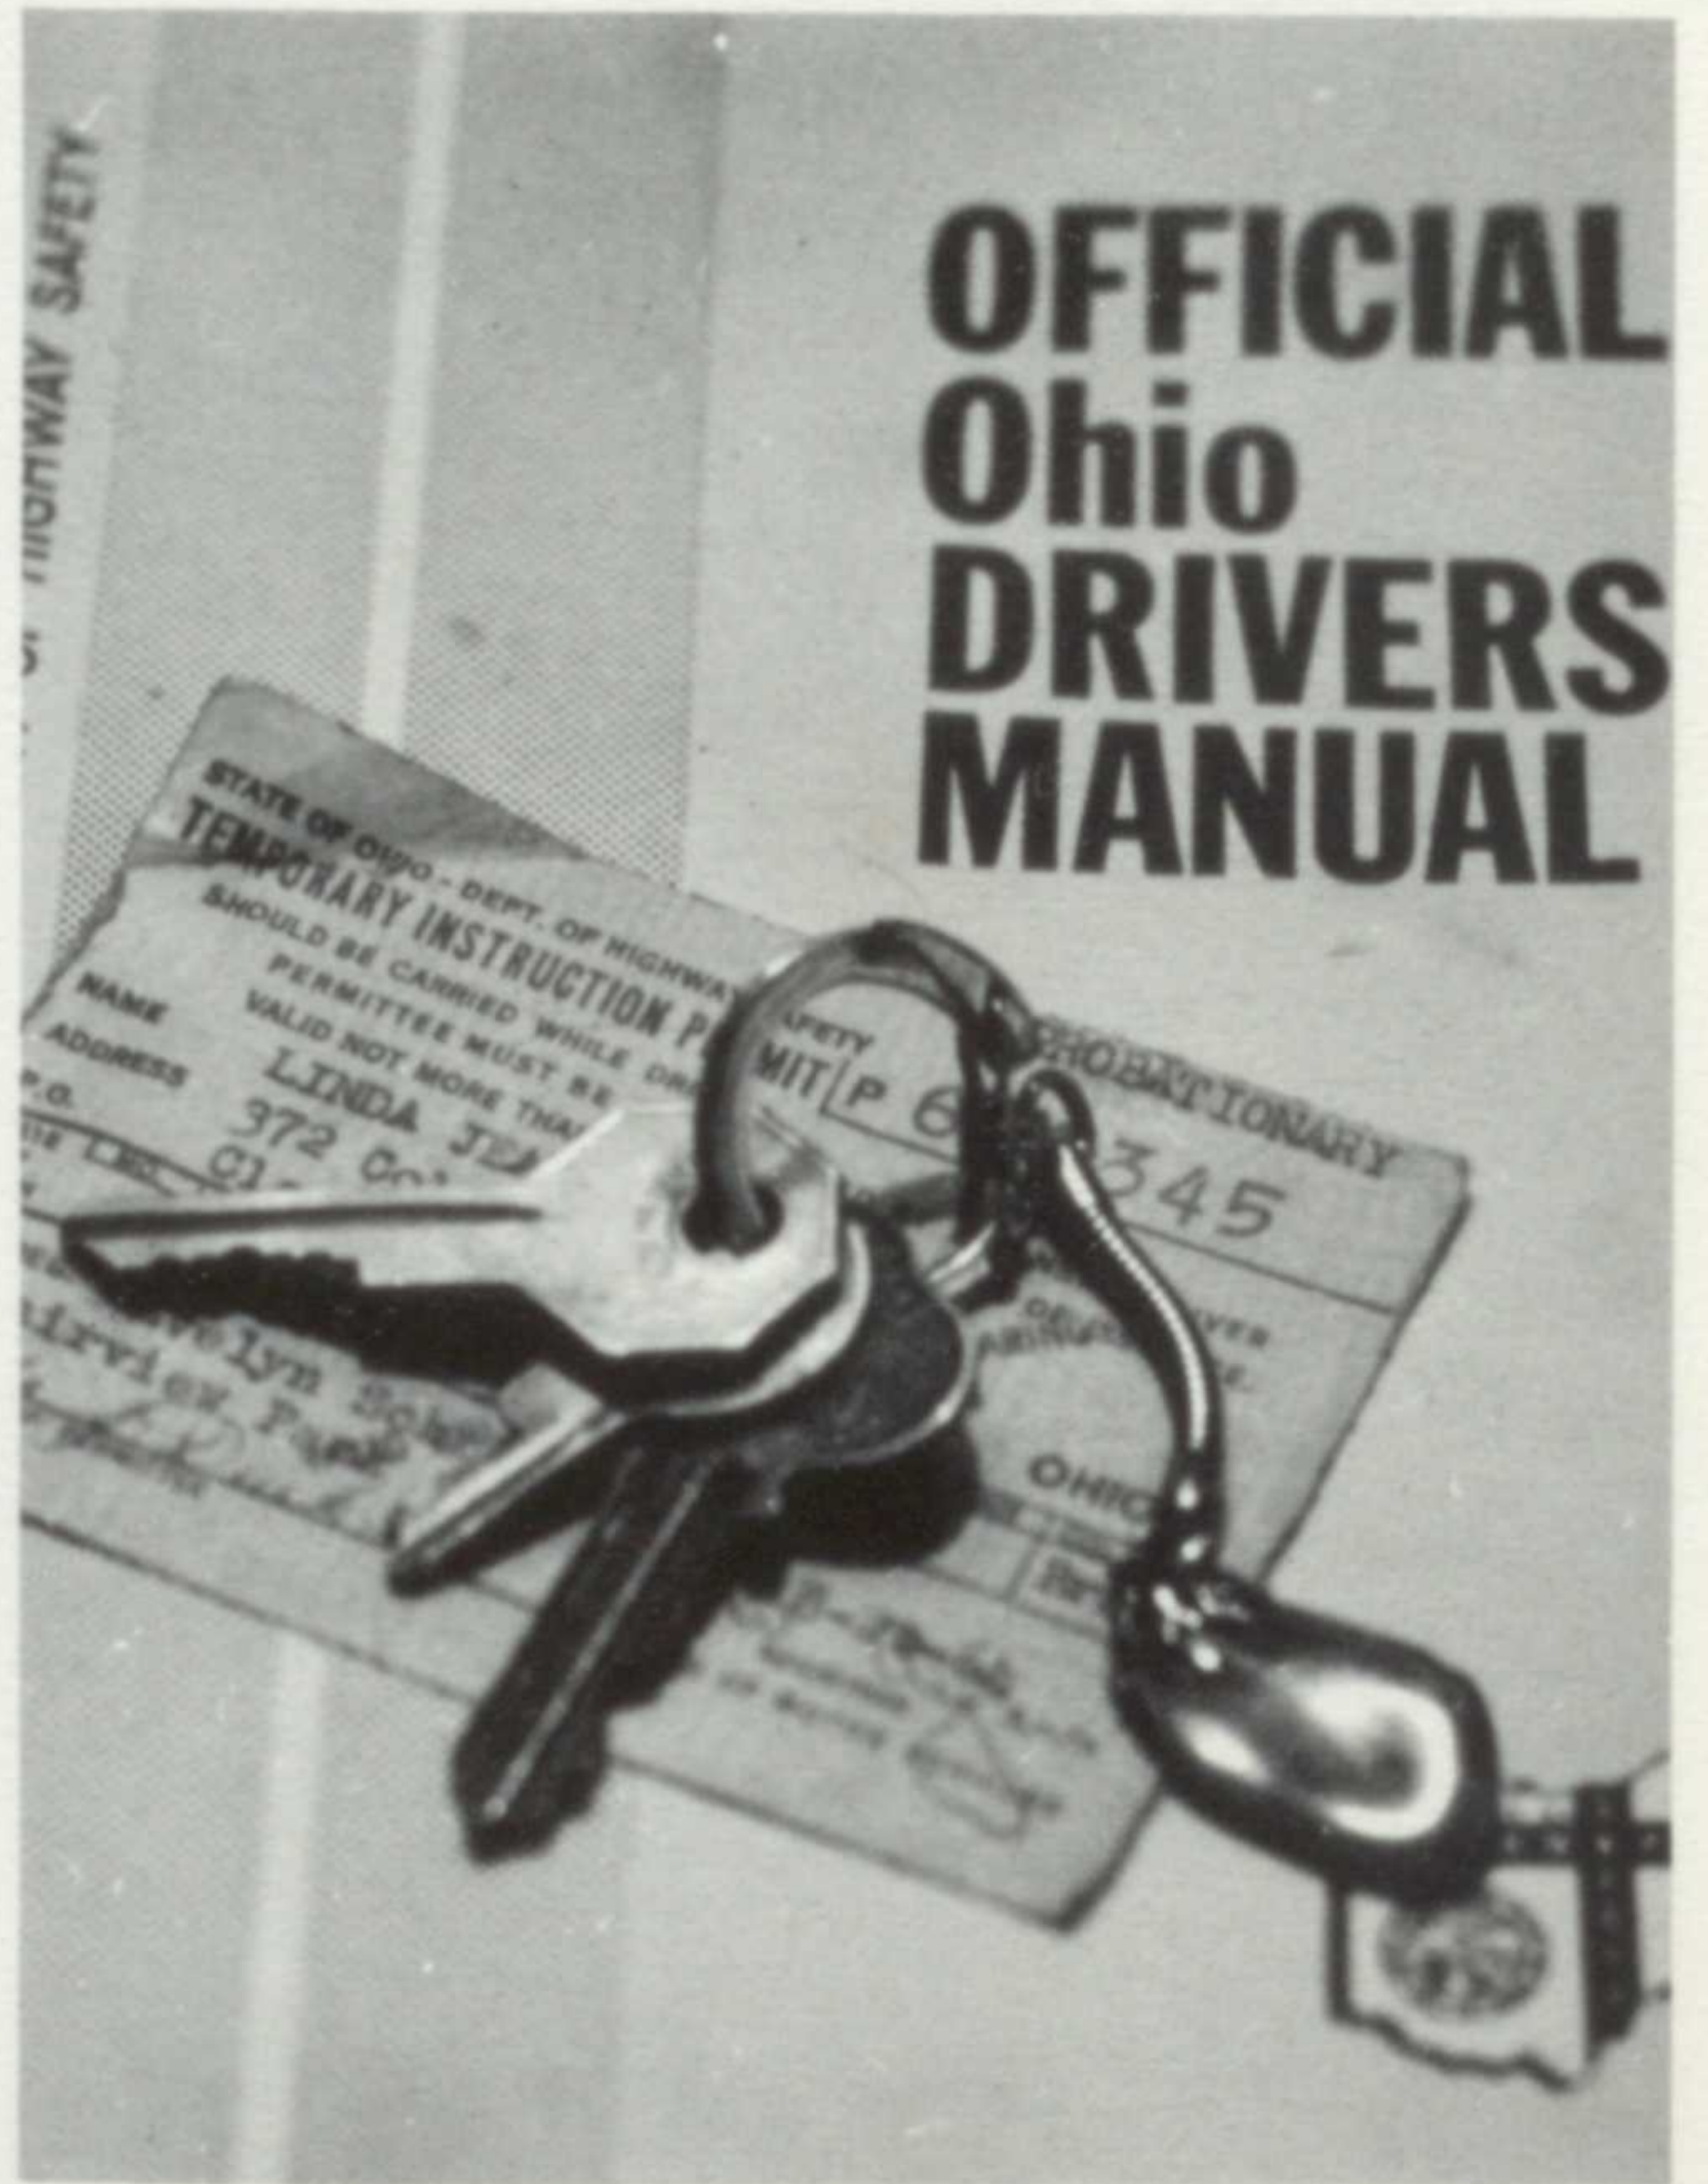

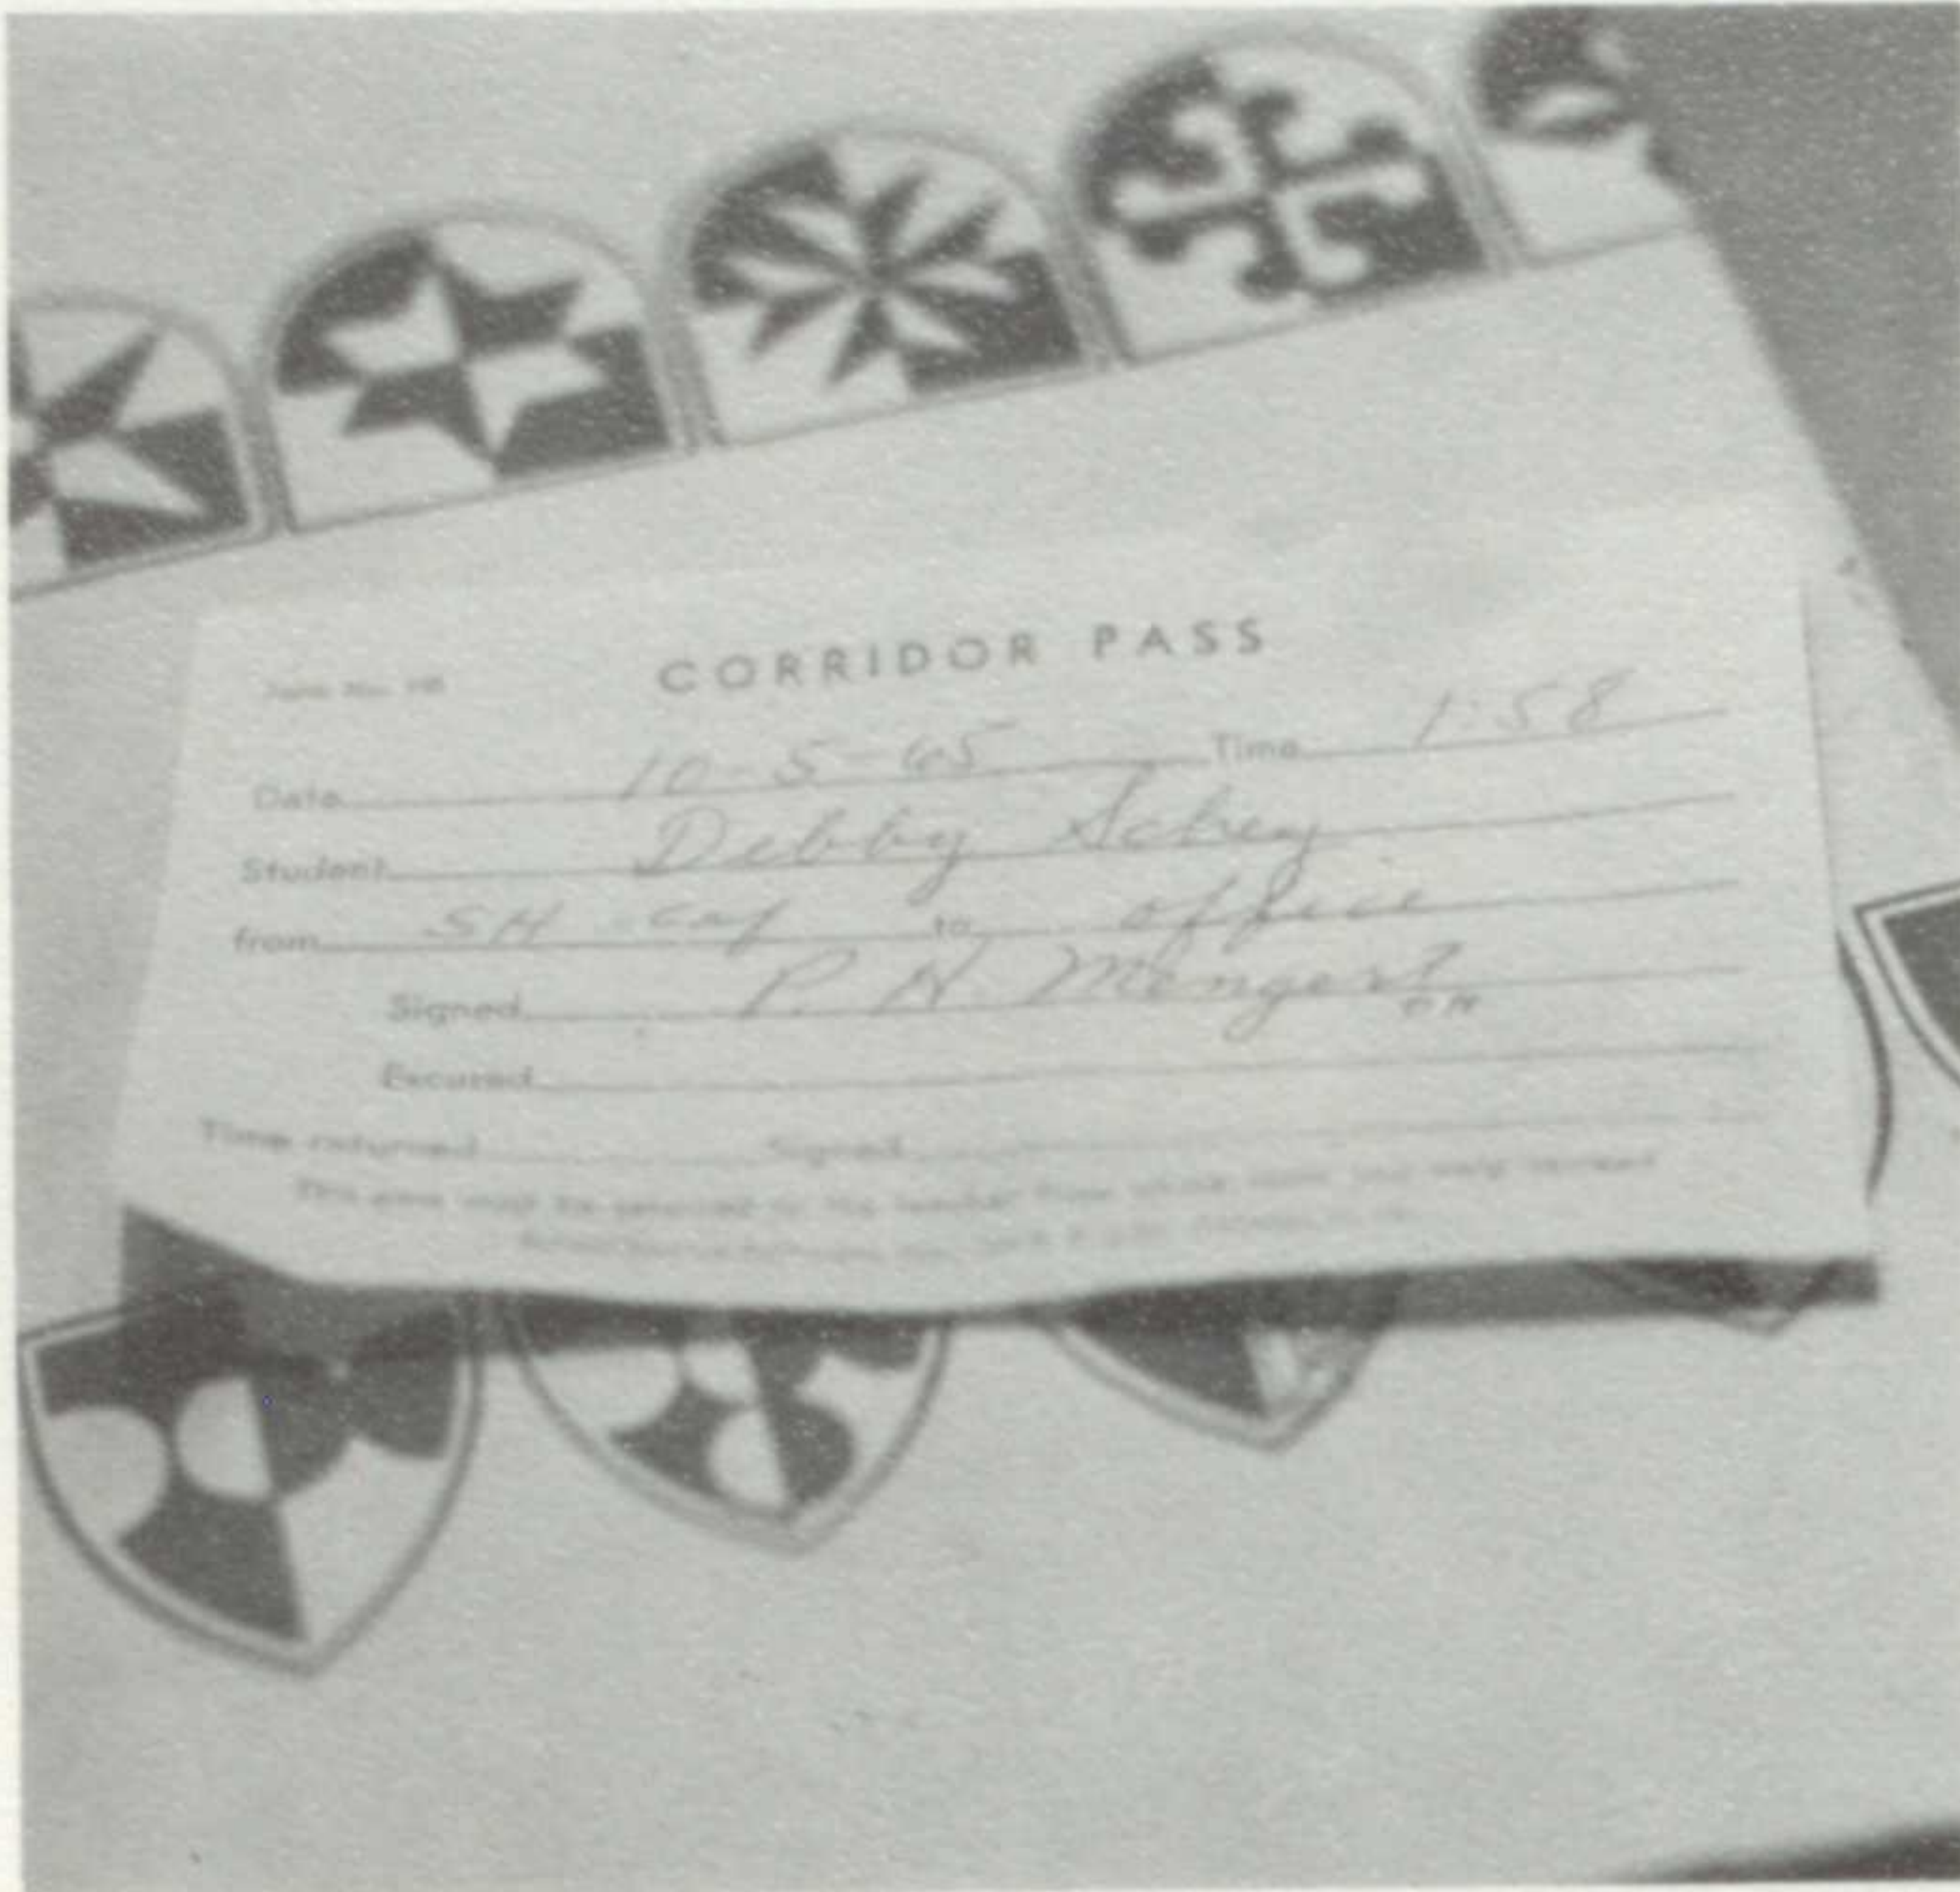

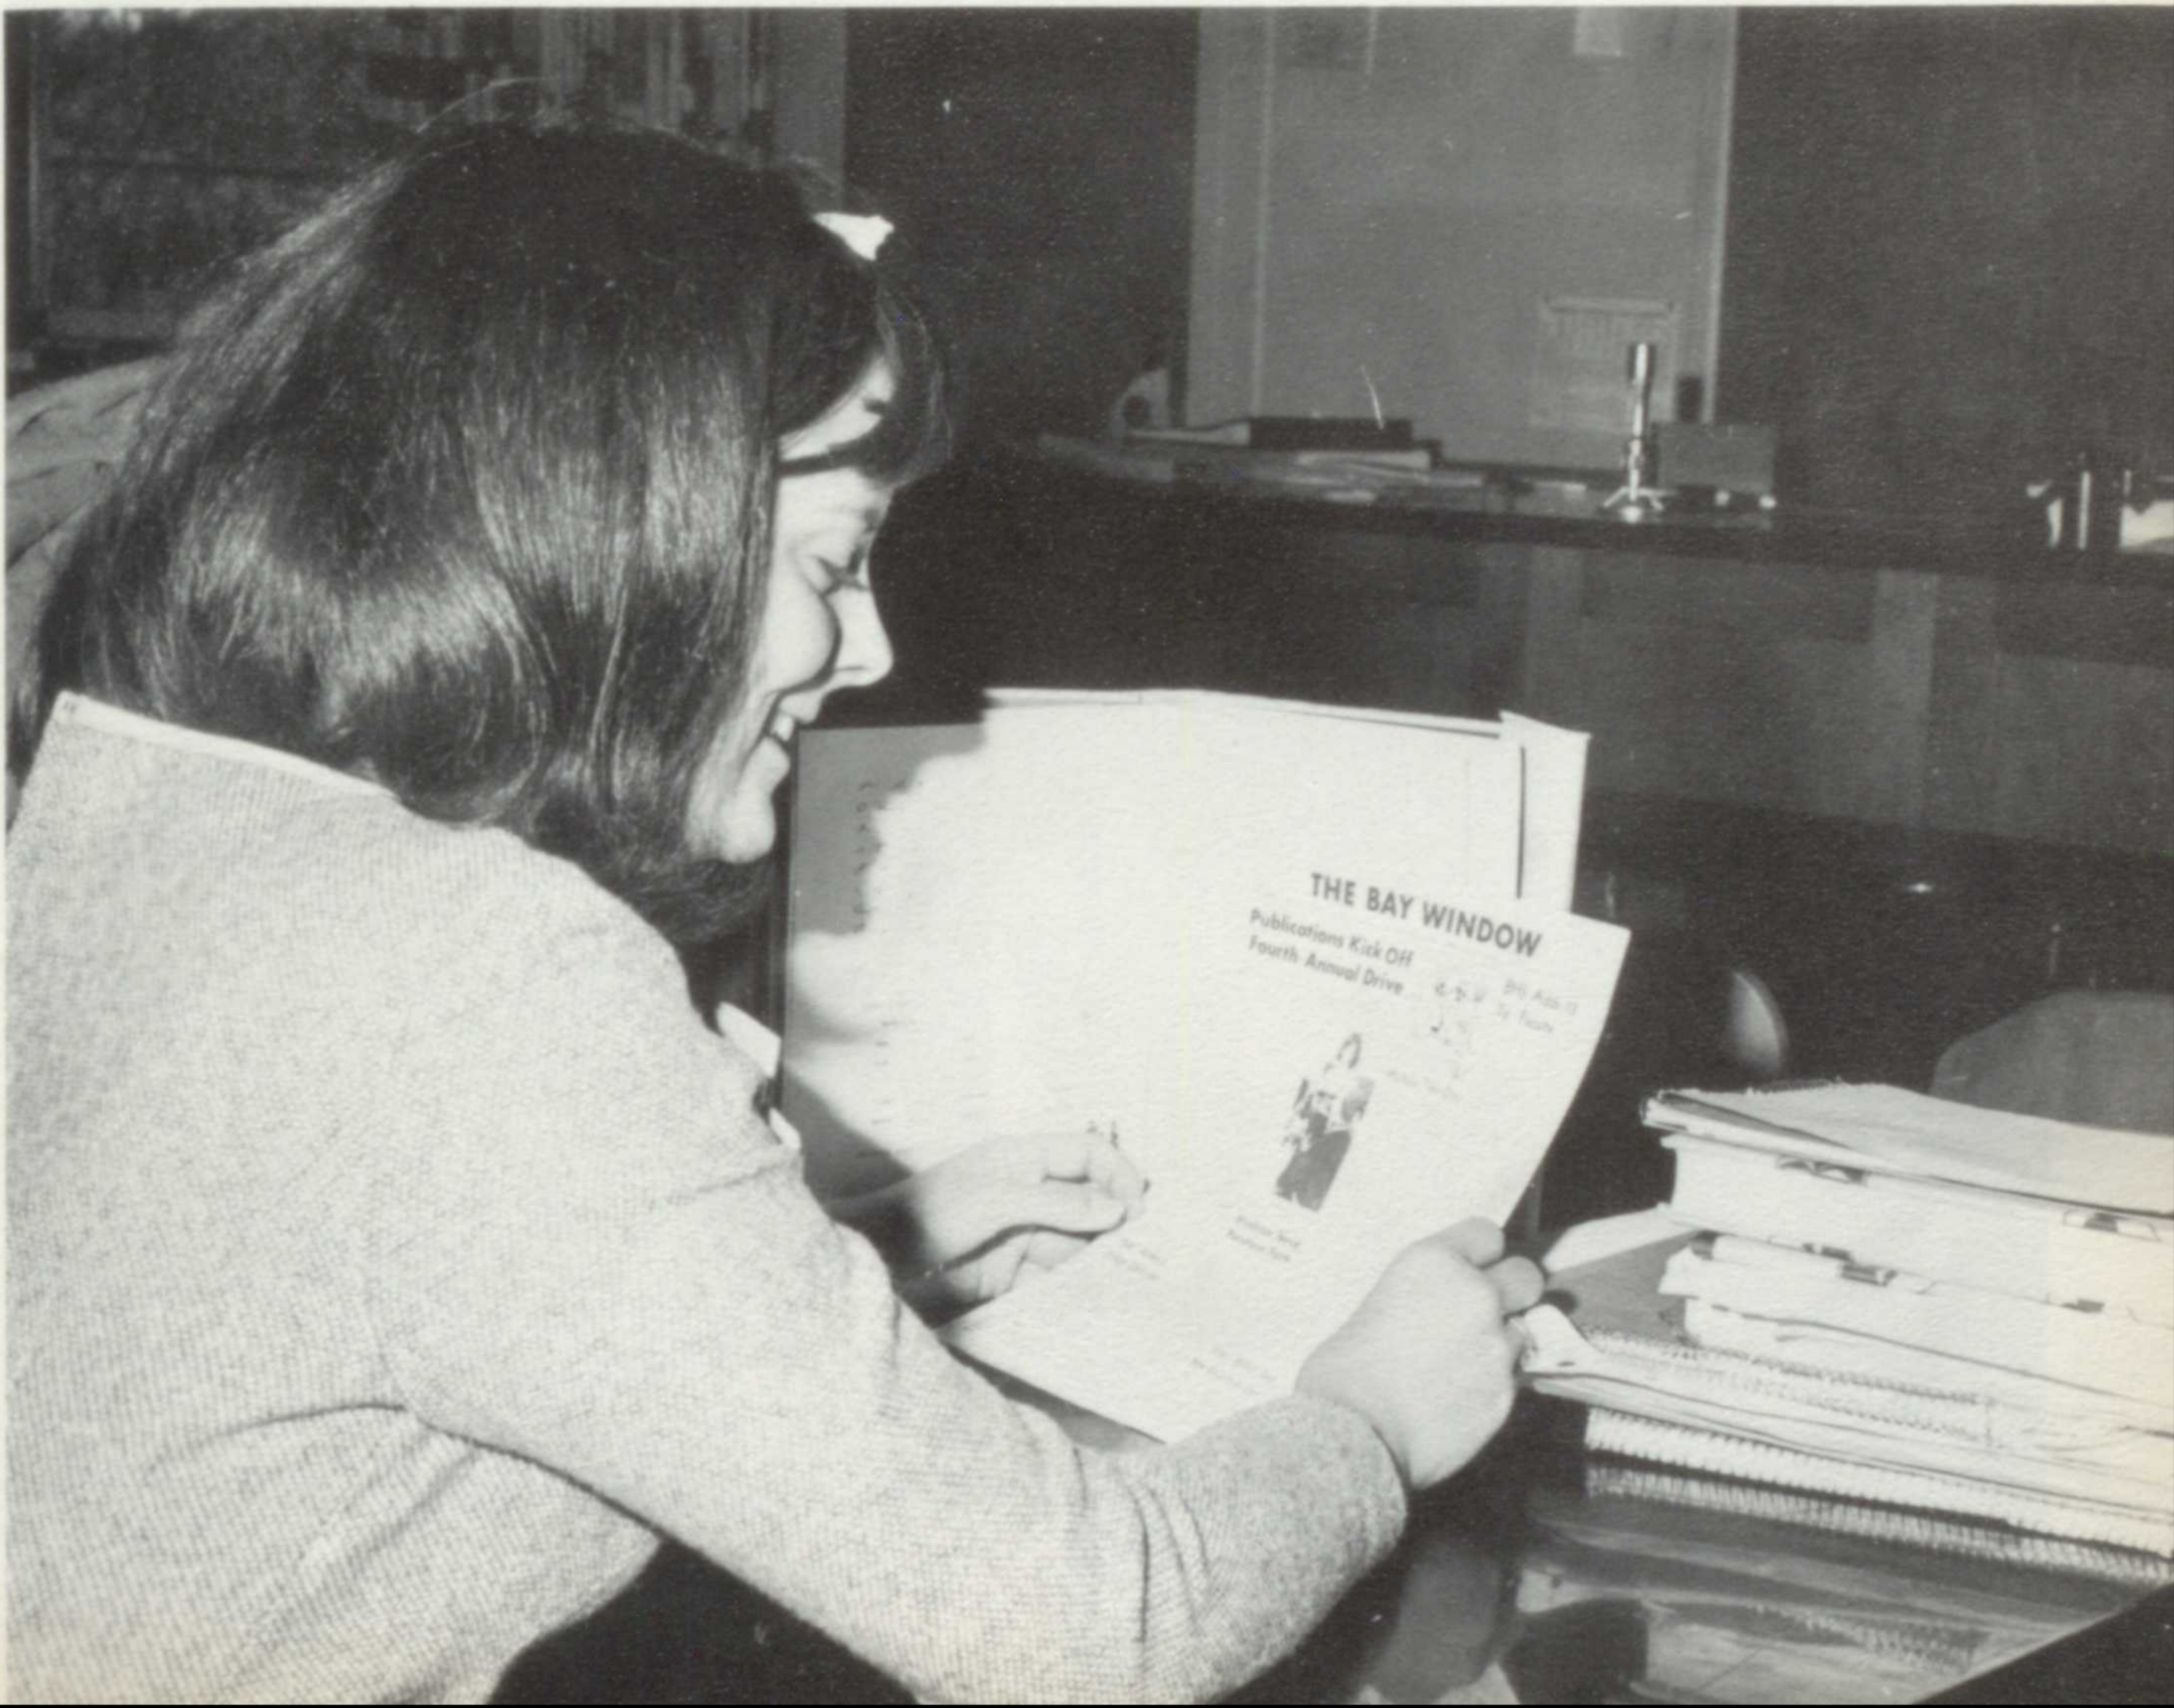

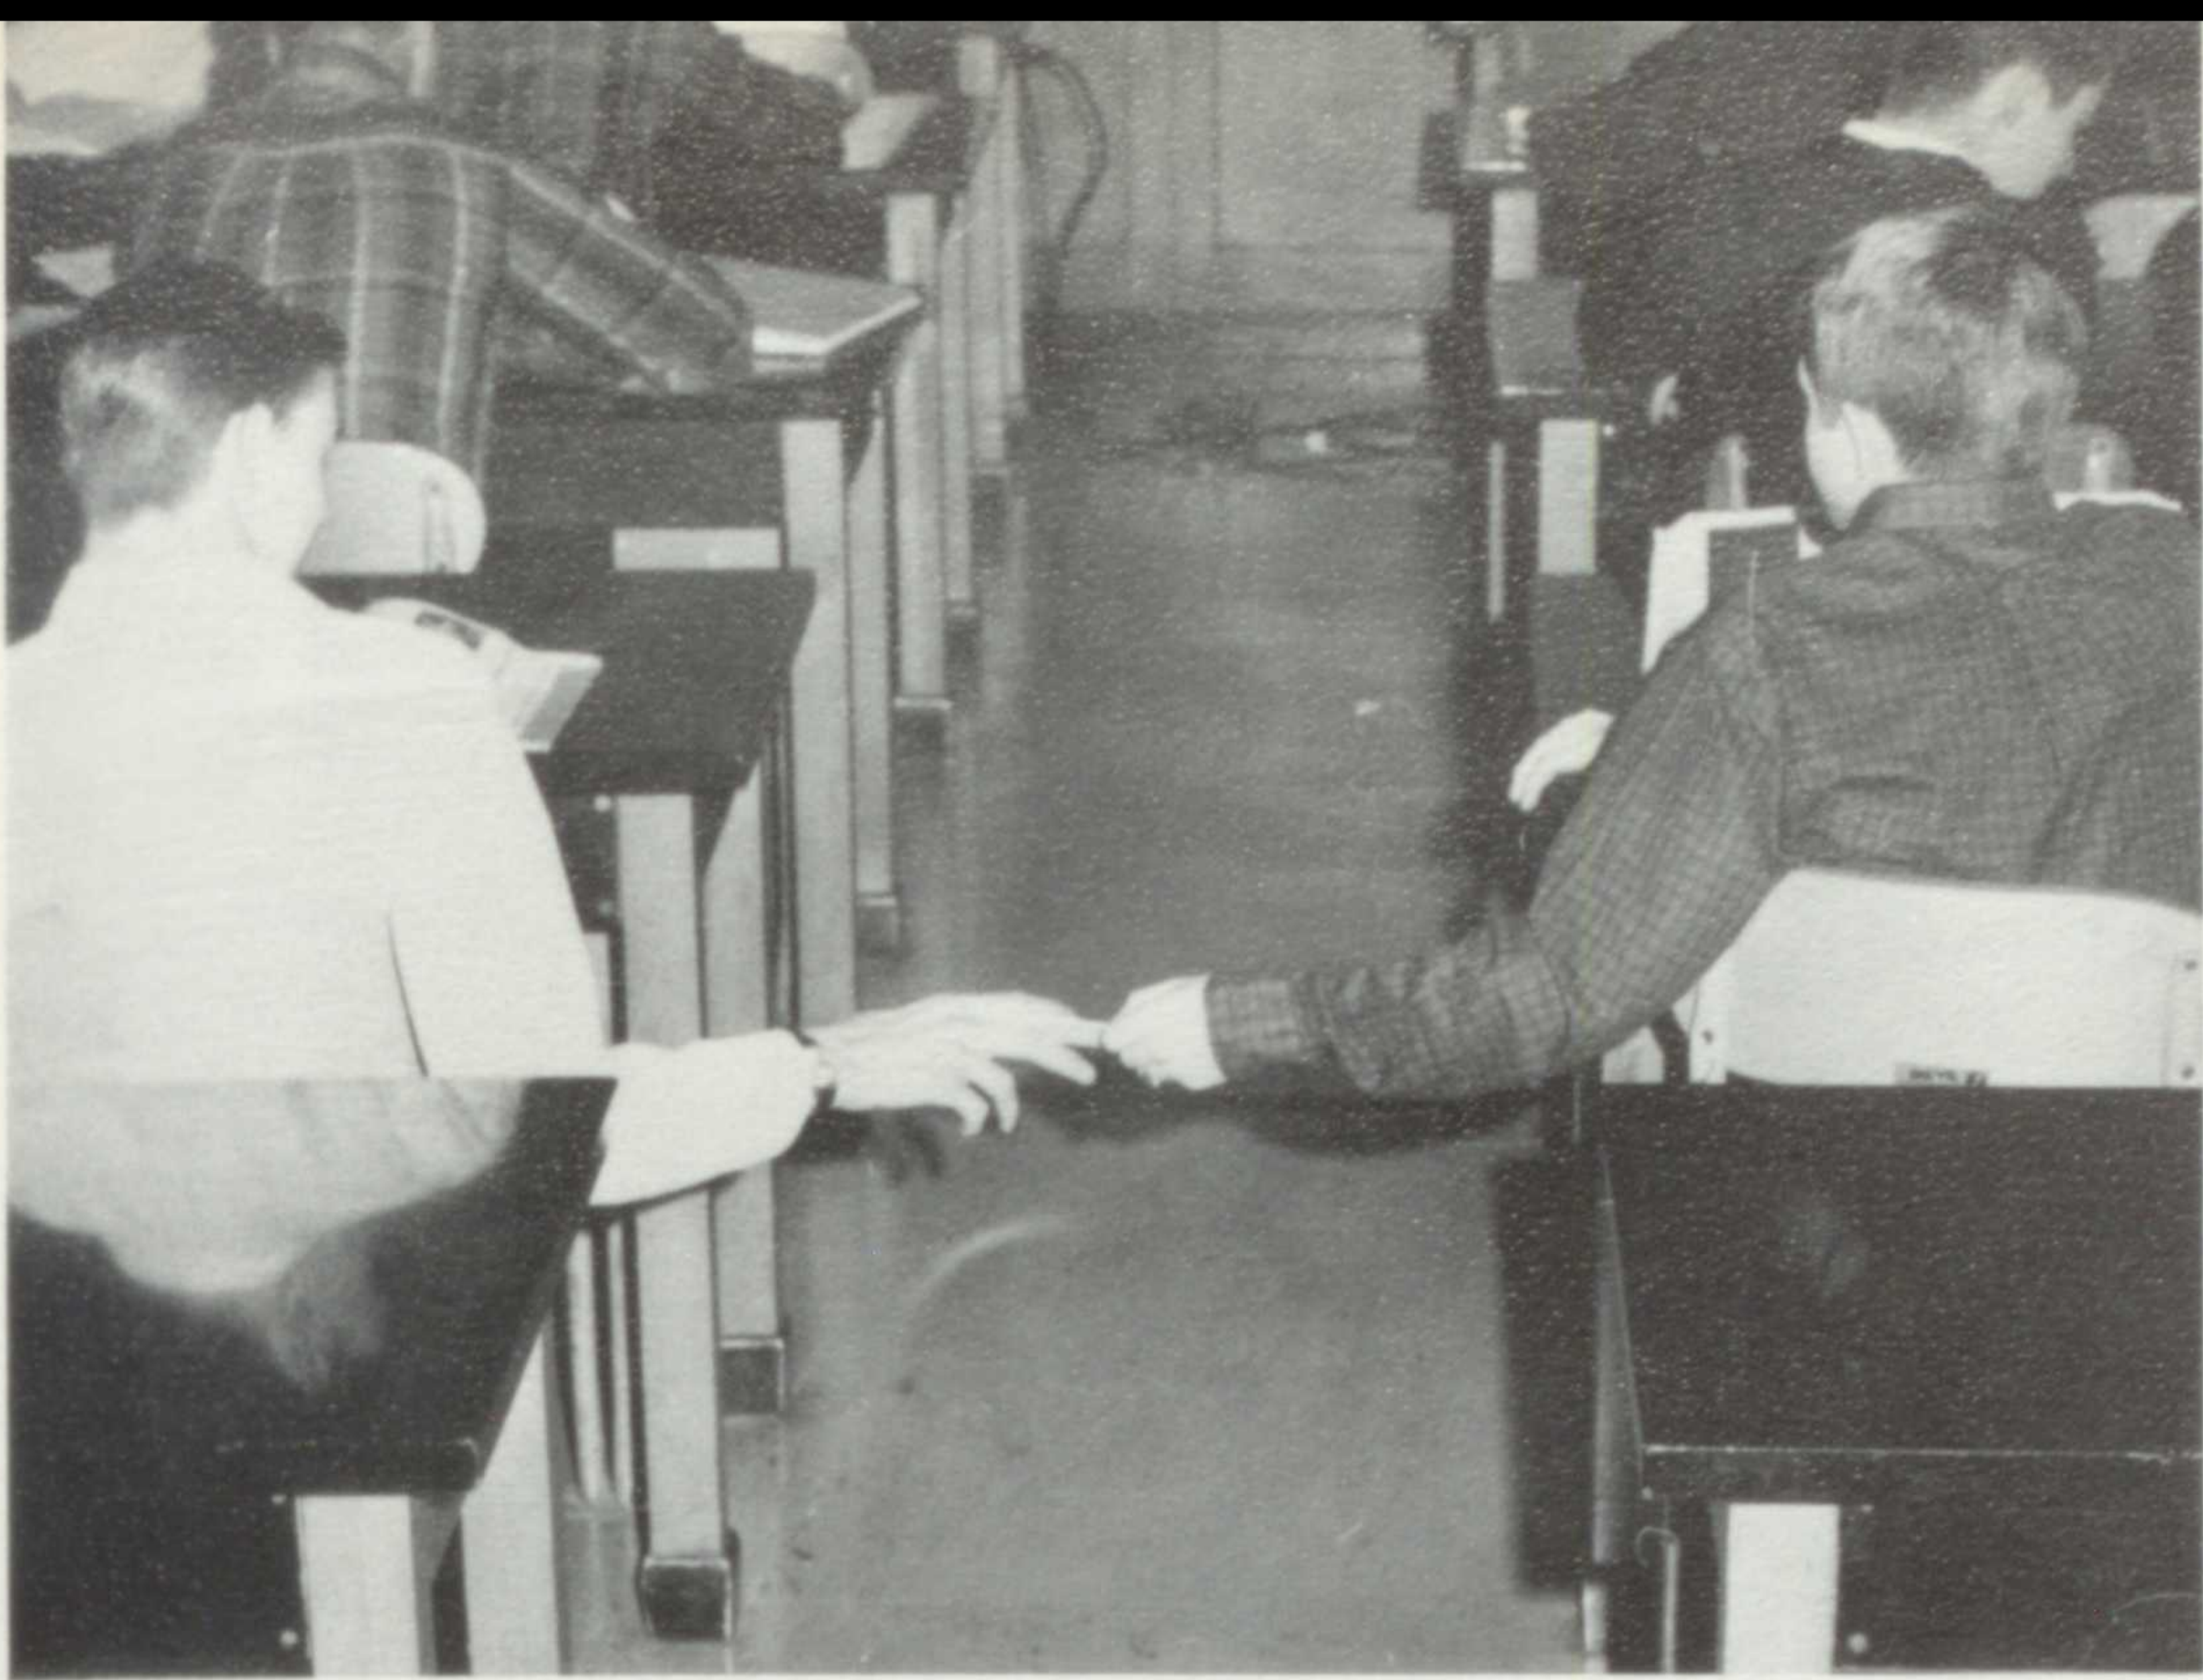

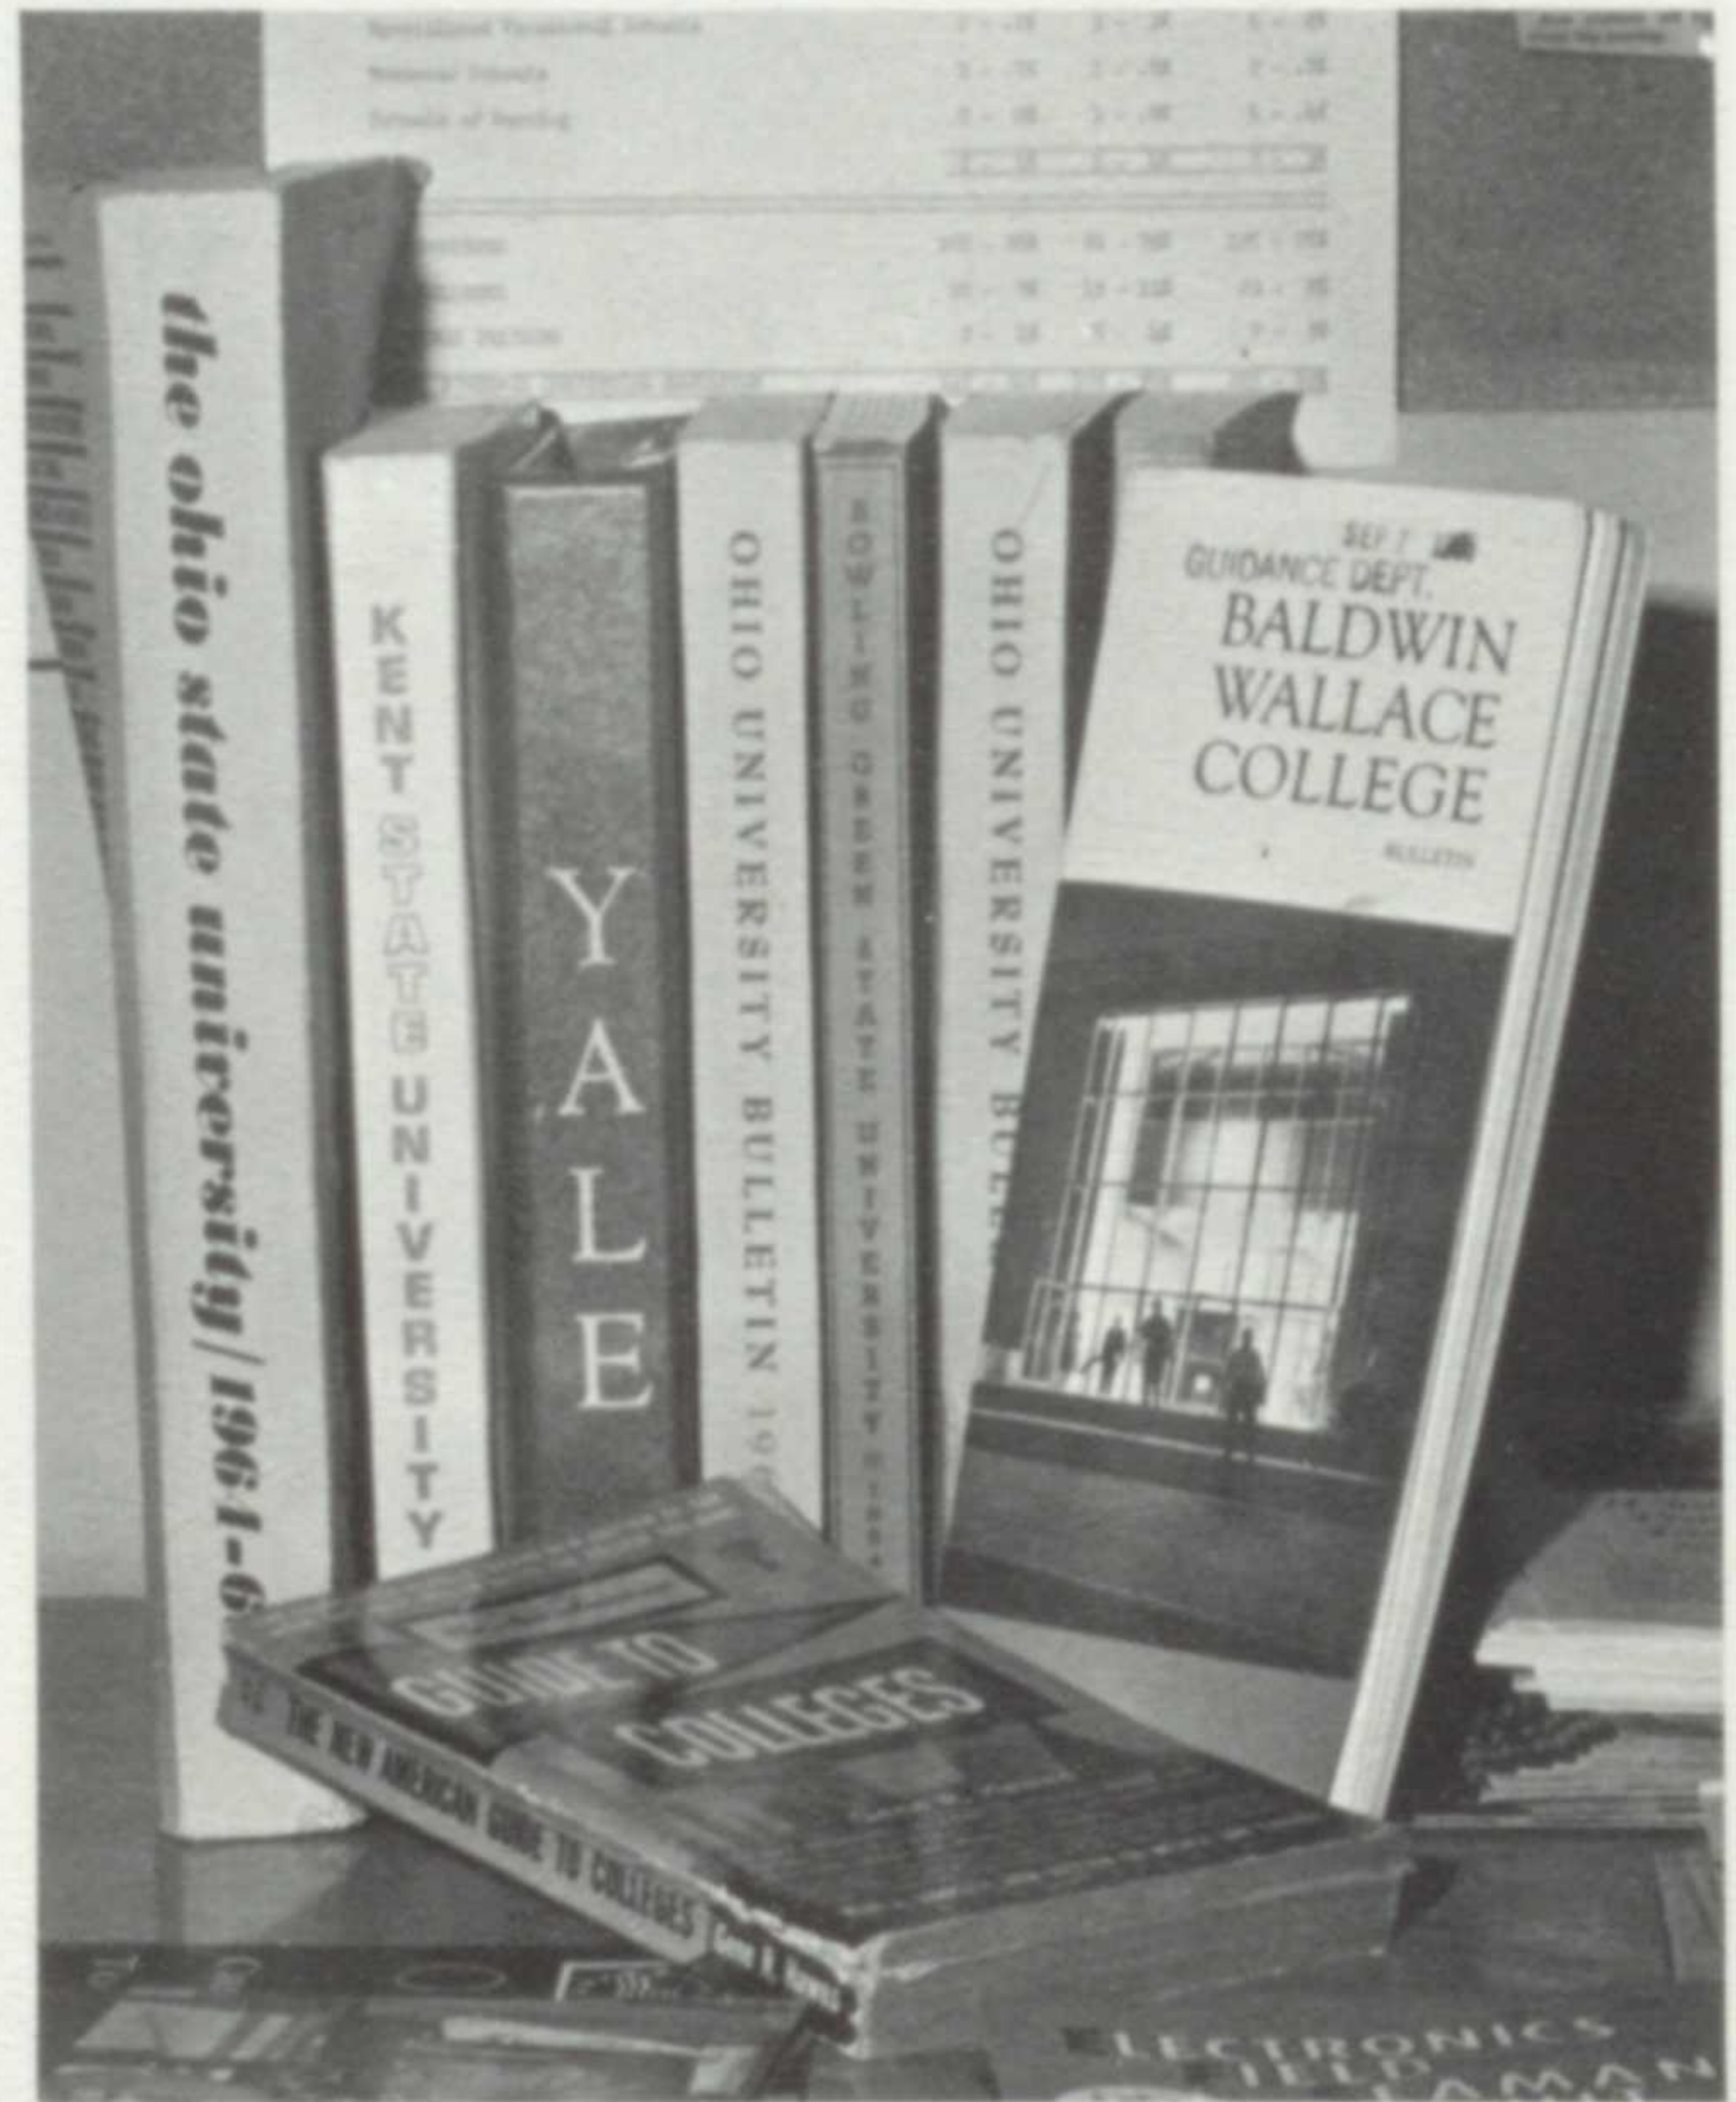

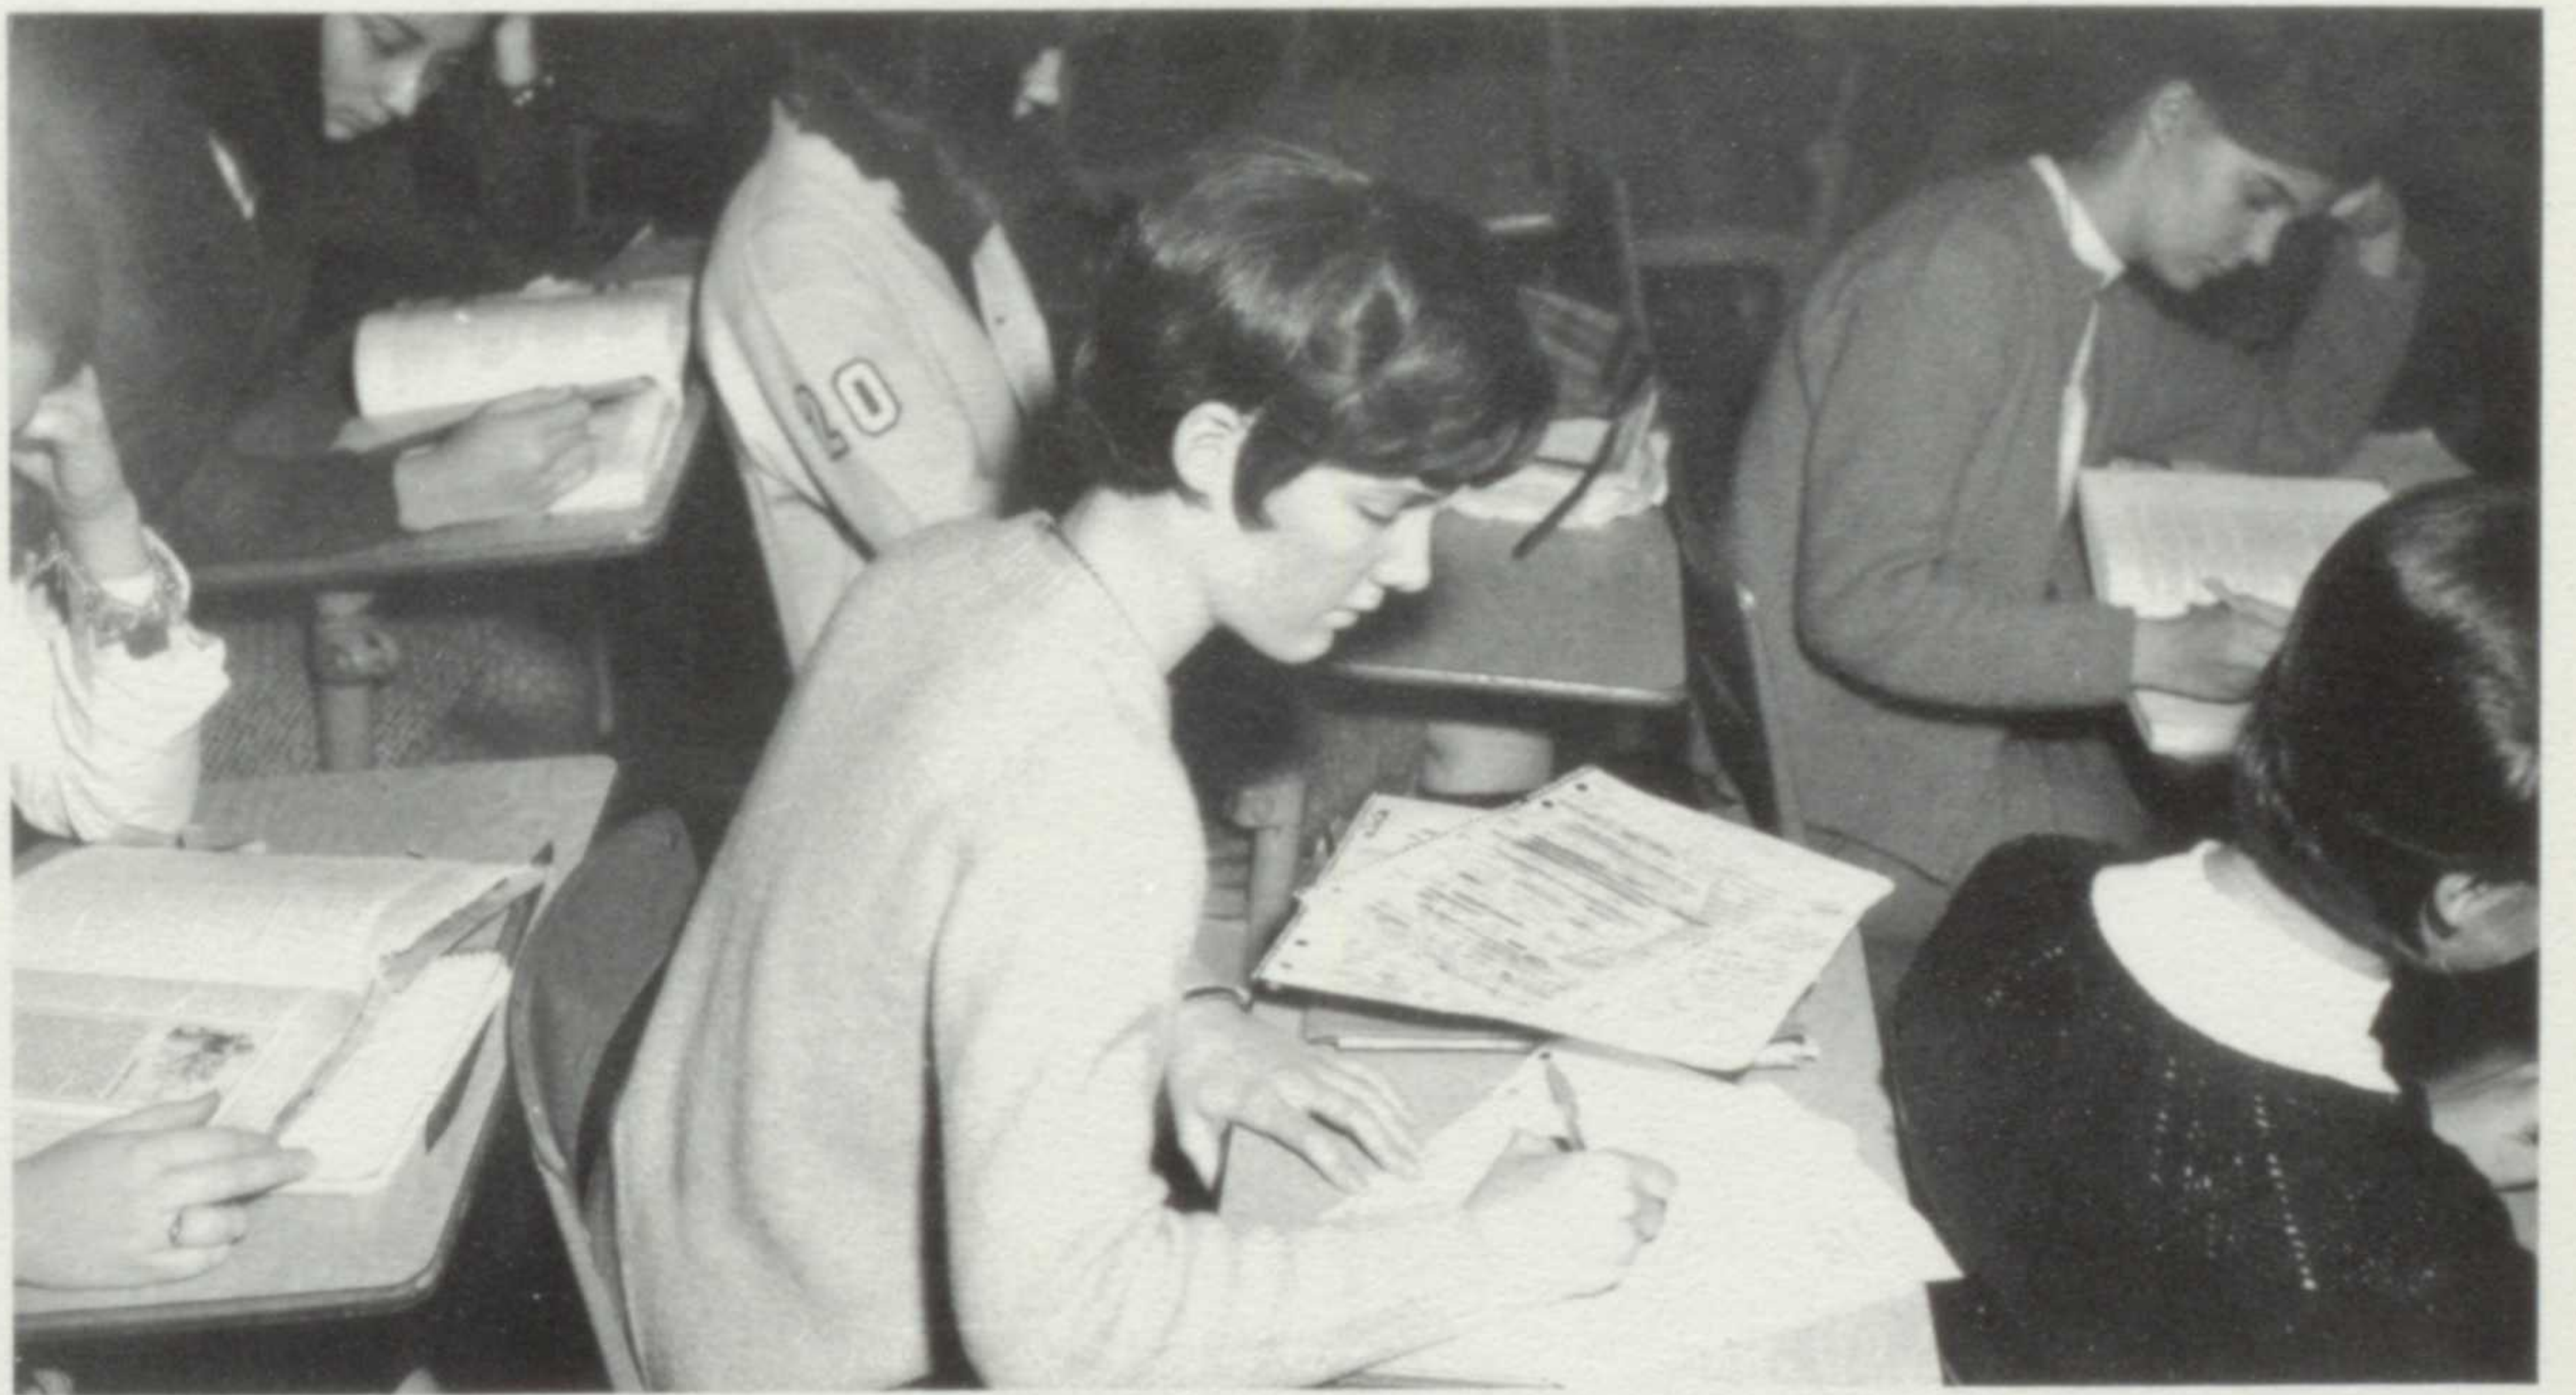

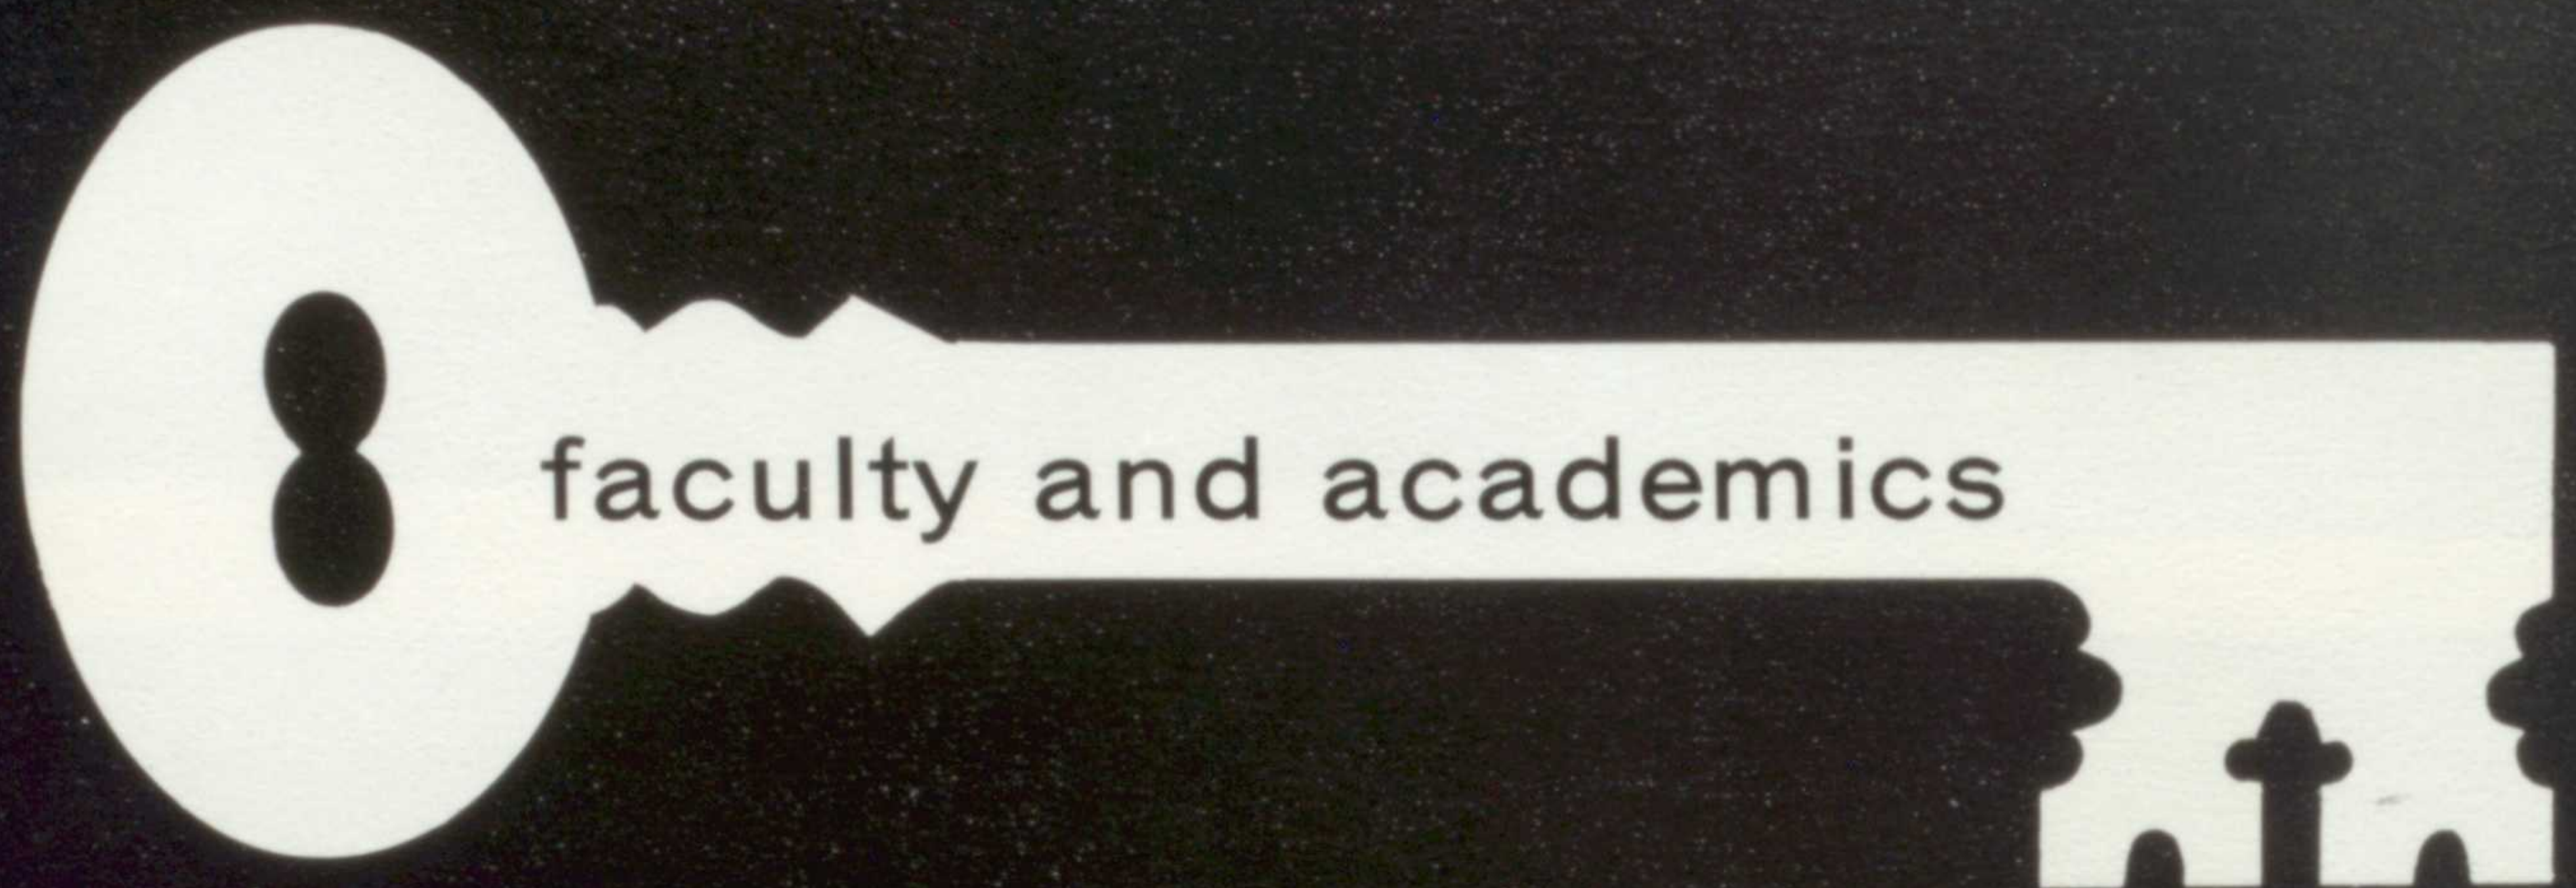

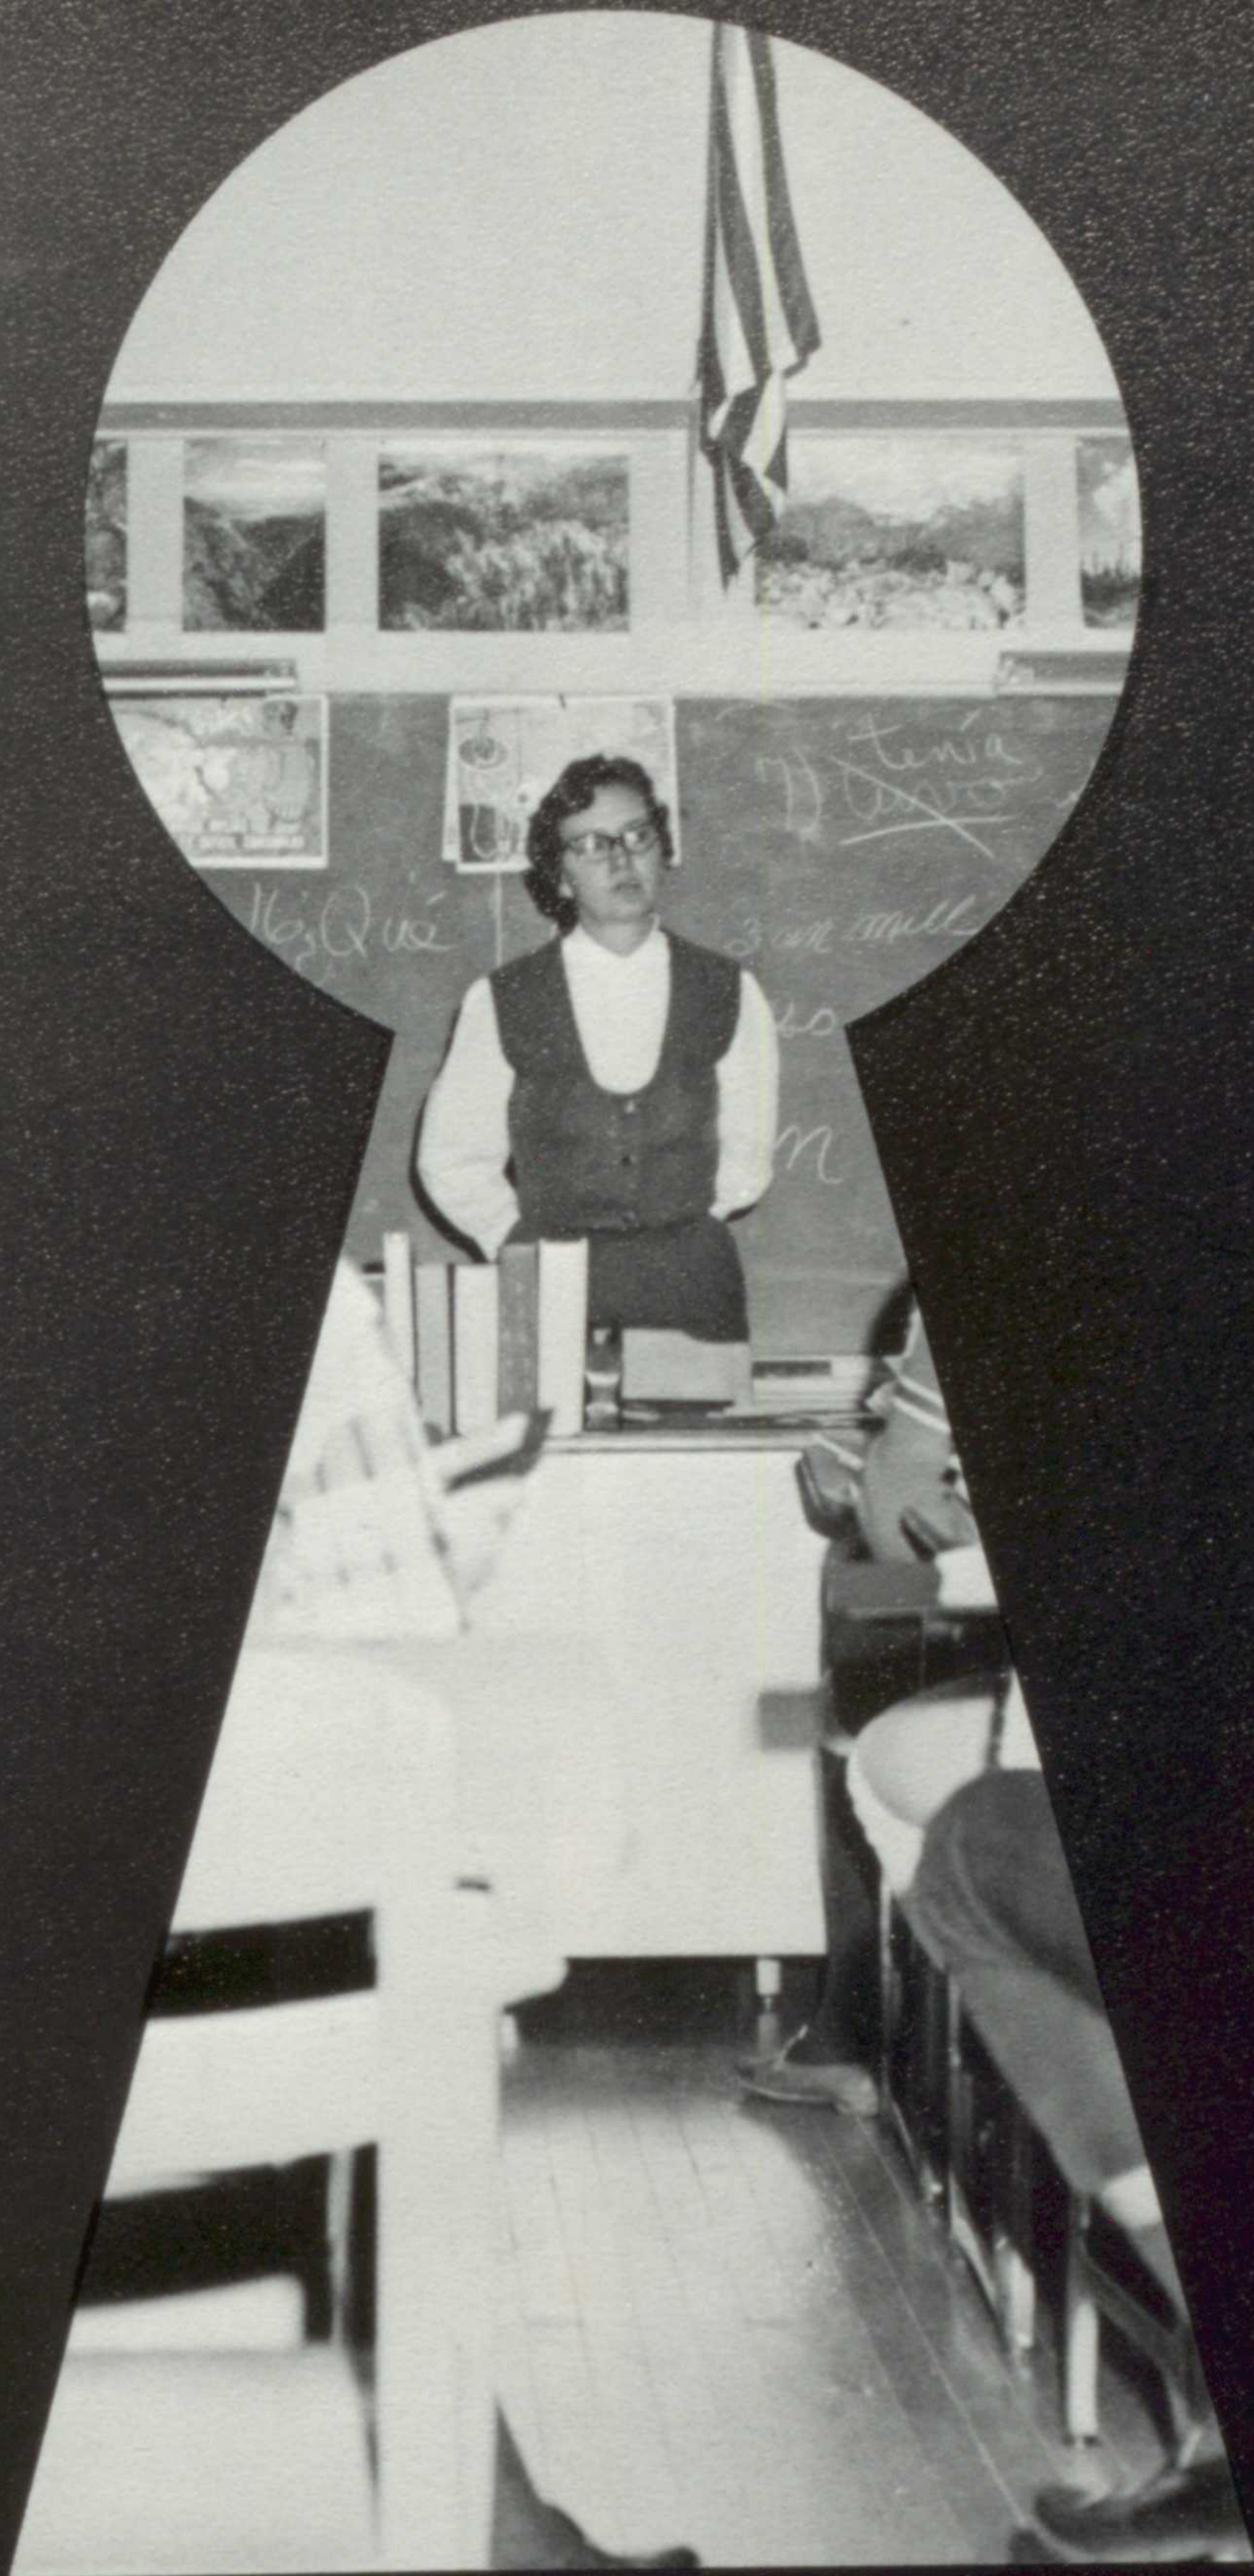

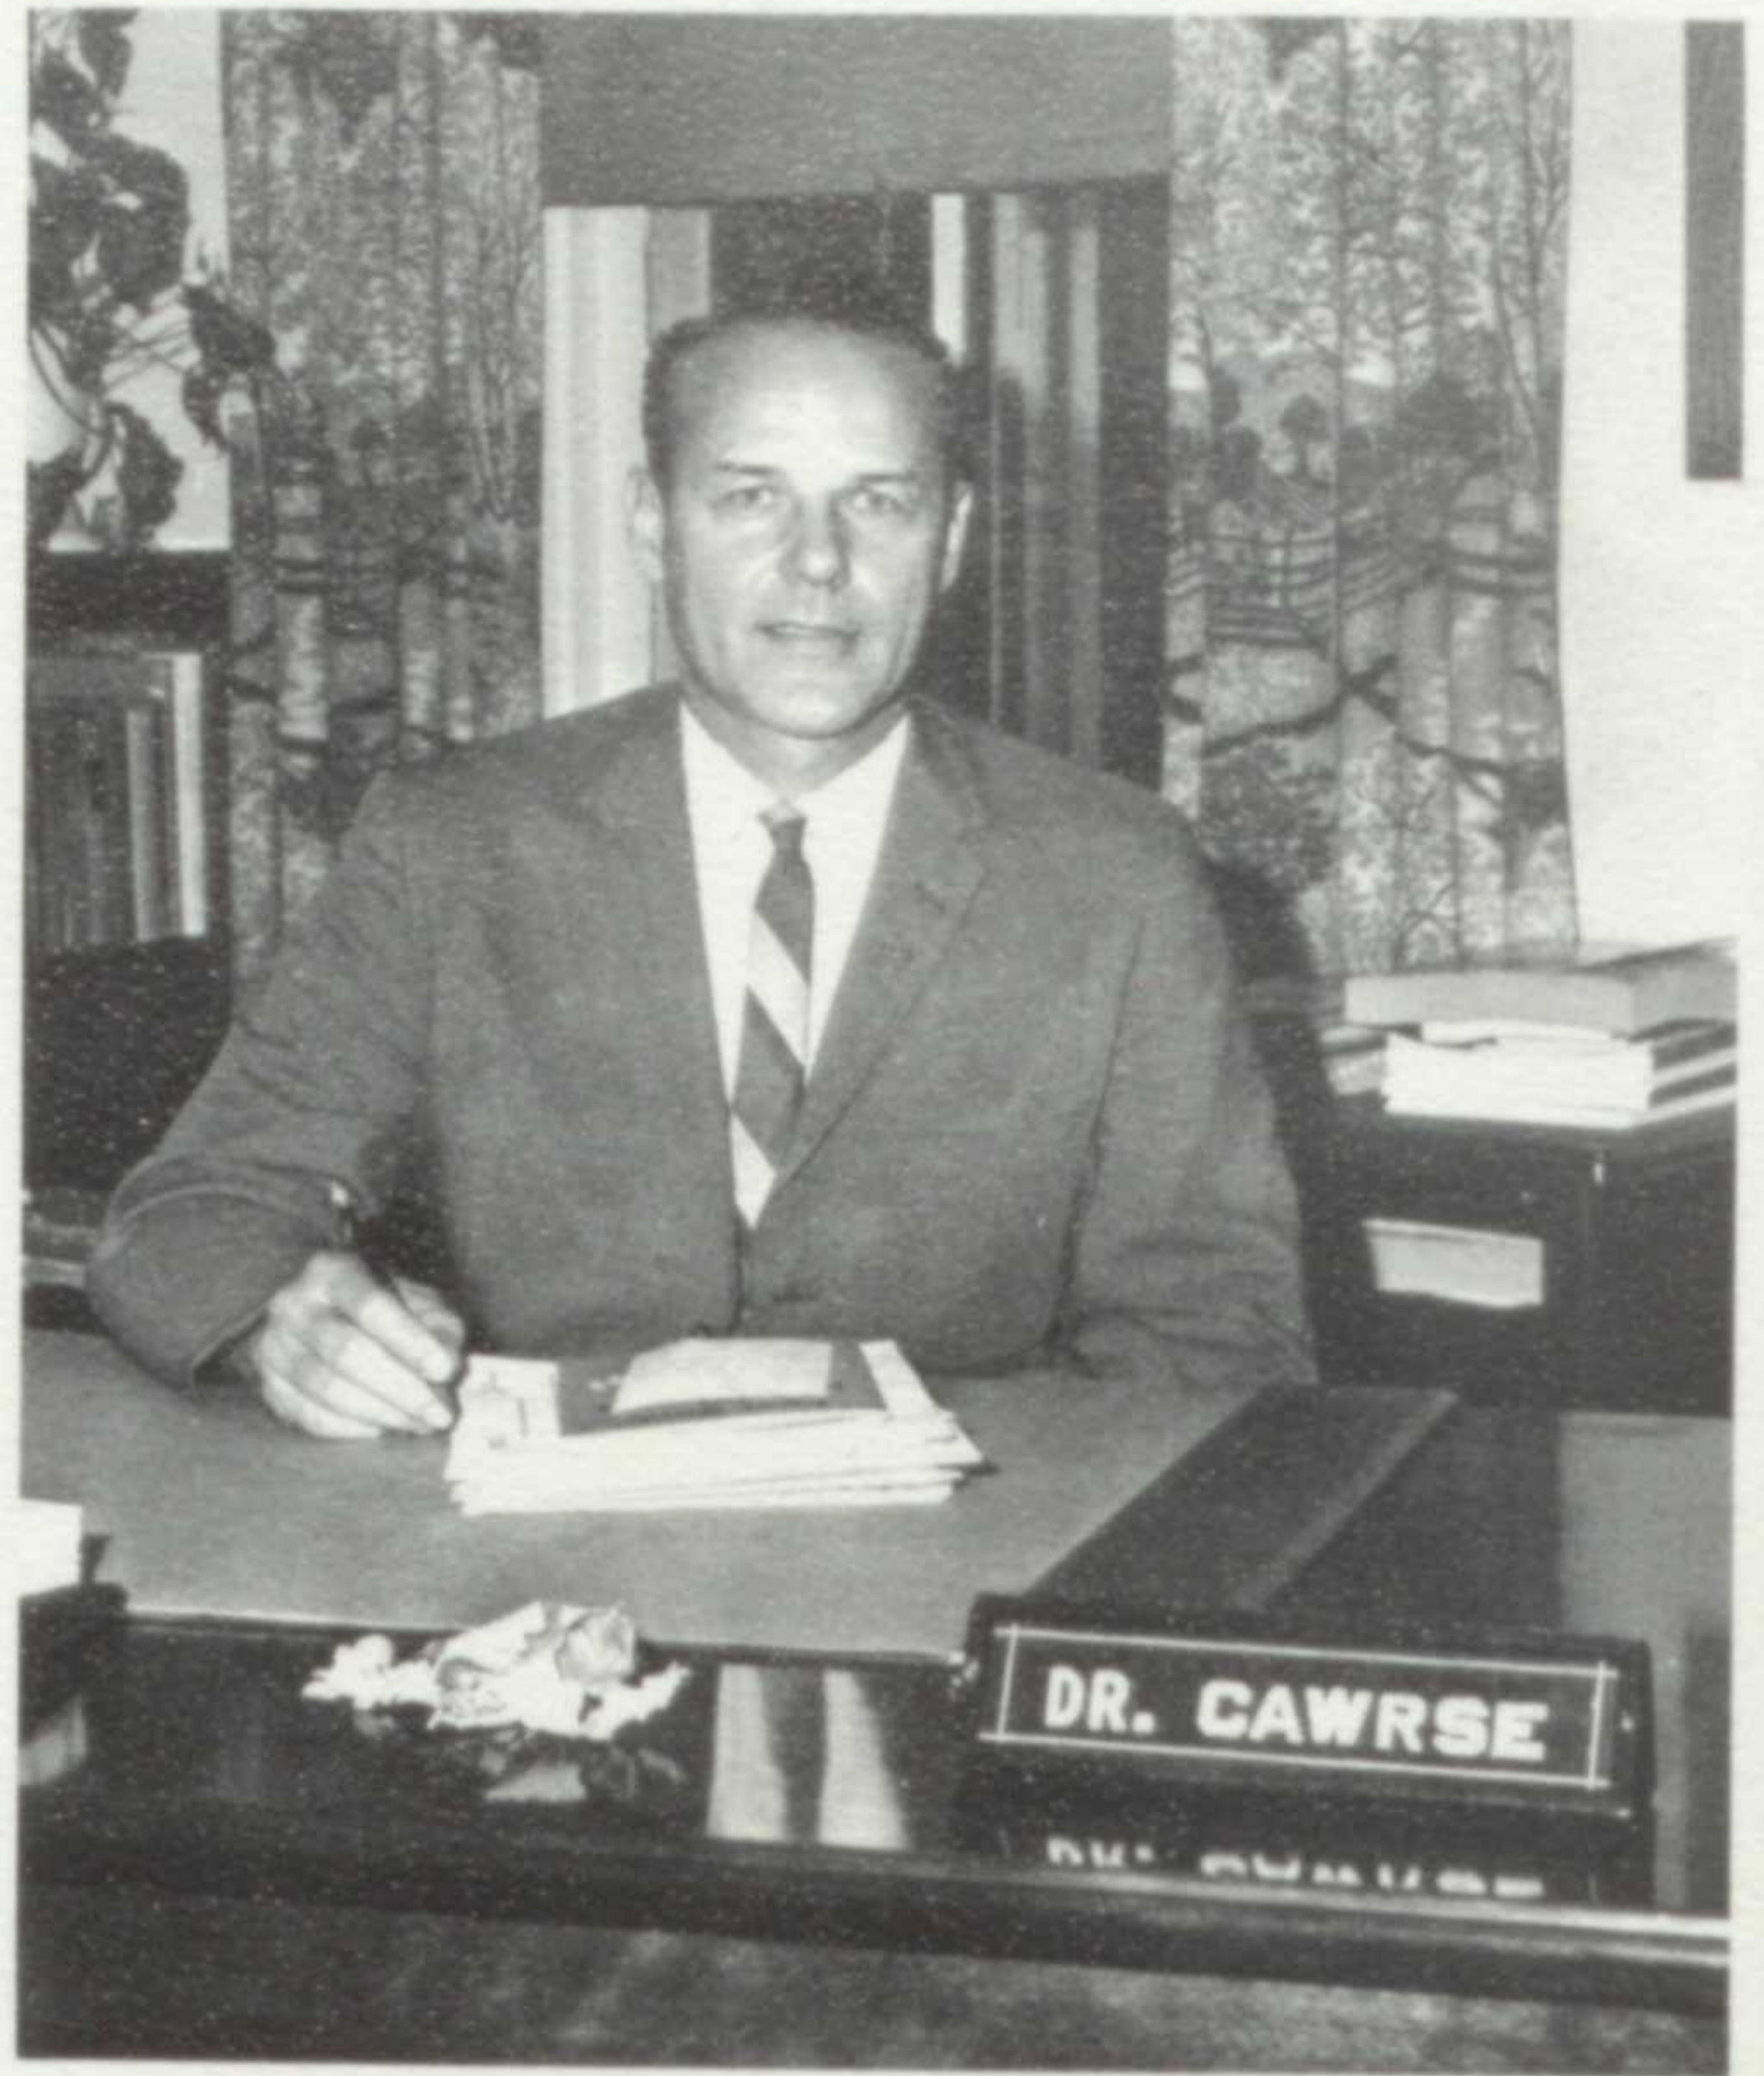

The administration and faculty of our school are the keys with which we unlock the doors to success. The knowledge which our teachers impart to us helps us in many ways — to earn a good living, so we can support our future families . . . to understand something of the nature of the people we live with, and to be able to communicate satisfactorily with them . . . to help quench our inner thirst for knowledge and betterment of self. The instruction which our teachers give us makes us prepared to cope with the situations and problems that most certainly arise in all our lives.

Leadership . . . the middle name of the Senior Class of 1966. Being seniors gives us the opportunity to learn, firsthand, responsibility and leadership of others by accepting high offices in clubs and organizations. We work constantly towards being accepted by a college or finding the vocation best suited to us, never relaxing until we obtain the final reward for our hard work . . . our high school diploma. But we also enjoy the social side of our senior year which provides laughter, tears, and fondest memories. We have used the keys of opportunity in acquiring knowledge and making decisions . . . and now must leave them to serve next year's seniors. At graduation, we close the door of high school and begin to open the door of the world.

Cars of the past provided a unique procession for our queen and her court.

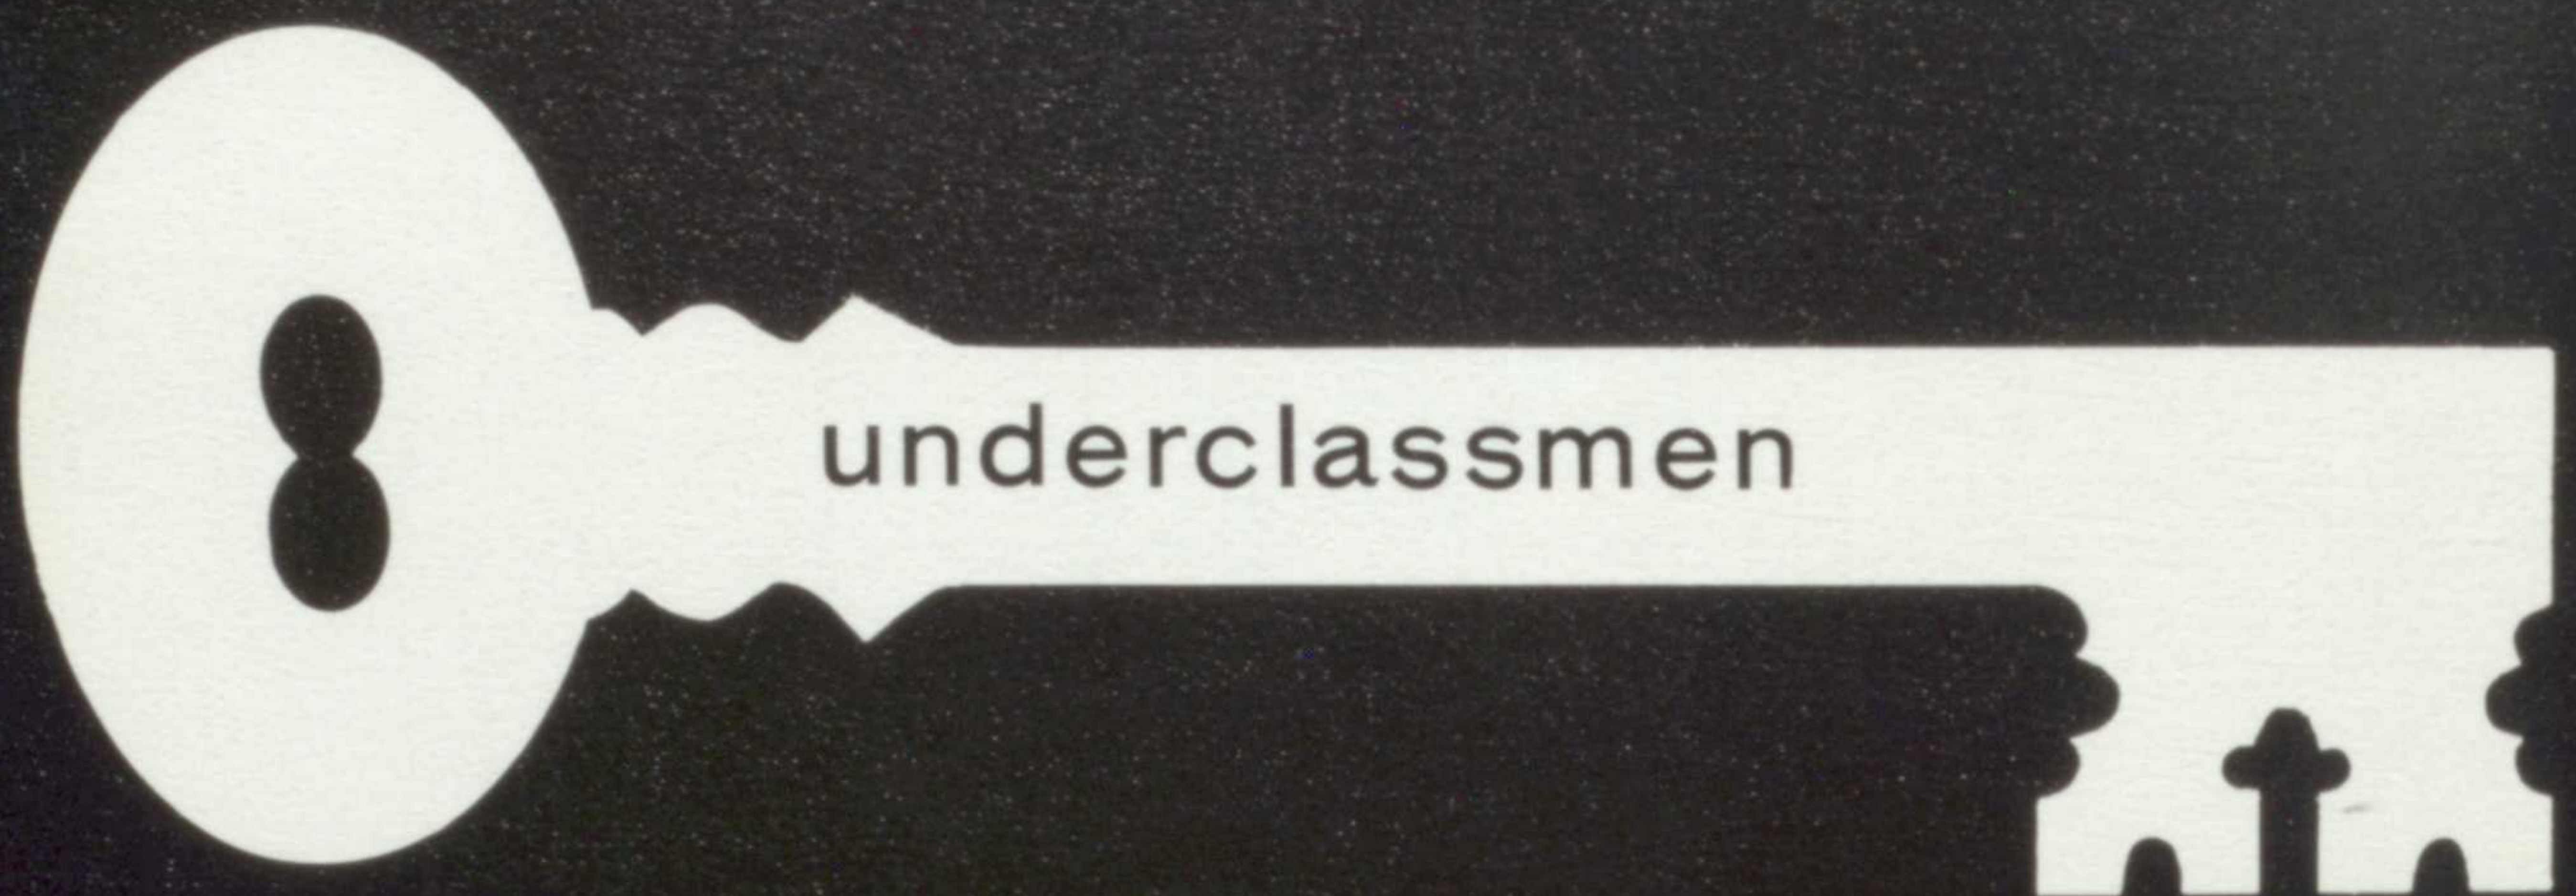

A brown-edged, pressed mum . . . a few newspaper clippings . . . many happy memories . . . Homecoming 1965. Flames of school spirit rose in the air at the bonfire . . . students, filled with pride, stood in awe as they witnessed the coronation of their king and queen, Karen and Ray . . . antique cars united old and new Homecomings . . . our SWC champs conquered Medina by an overwhelming margin. The Homecoming Dance after the game . . . no less spirited. An exhausting, yet rewarding day for everyone . . . and one which all will look forward to reliving as alumni.

Spirited shadows and dancing flames . . . a prelude to victory.

Homecoming dance finds the royal couple at the end of a happy day.

As sophomores and juniors, we face the two most difficult years of high school. As sophomores, we open a new door . . . which requires us to adjust to a new social and academic world. In our junior year, we must learn to cope with the pressures of responsibility which our studies and extra-curricular activities place upon us. We are confronted by a seemingly endless number of tests to help us decide our future and to make us better prepared for it. All this . . . while growing to understand others . . . and establishing long-lasting friendships. As underclassmen, we accept the challenges opportunity offers us . . . as we open the doors ahead.

Each phase of the junior year presented the juniors with new decisions and experiences . . . They have developed a greater seriousness toward grades and responsibilities . . . They have also felt the pressures of college, and begun to decide upon which college to attend . . . A new kind of chemistry . . . a definite class ring style . . . a furthering of interests through clubs . . . and cramming every space second full of fun . . . The social atmosphere generated feelings of unity and friendliness . . . It's been a hard but exciting year, and a big step towards the future.

**Varsity . . .** A lot of teamwork and a great amount of school spirit helped to make our '65 Football season a big success. The Rockets came out ahead in all but two games. The game with Rocky River was the highlight of the season for the team and the spectators alike — we shut out the Pirates 12 to 0. At the Avon Lake game, the Rockets came from behind in the fourth quarter to beat their opponents' fine defense, and won 7 to 6. This year the Rockets will be remembered for their strong defense and their unity and cooperation as a team. We received the "Team of the Week" Award from WKYC for the fine game we played against Avon Lake. Bay became the S.W.C. Champion for 1965! " . . . **Junior Varsity** . . . The 1965 football season was a good one for the J.V.'s. They were victorious in all their games except one. The scrimmage with the varsity prepared them for a hard-hitting season. In their contest with Berea, they came from behind in the last quarter to win. Their games with North Olmsted and Avon Lake were outstanding, marked by the excellent performances of the running backs. Their only defeat was at the hands of Rocky River. Even in defeat, however, they played an excellent game and kept their spirit high. # Once a prescription was written for "Honest Skin"...

That was 29 years ago. And the prescription number was 1,006. The complex formula was designed to treat acne and dermatitis.

Today millions use Bonne Bell Ten-O-Six® Lotion as a skin cleanser—swear it's the world's finest—for this is a double-action antiseptic that *heals as it cleanses*. In it are ingredients which clean intensively and immaculately—do away with any or all impurities, plus, normalize oily, dry or half-and-half skin.

Ten-O-Six® Lotion gives you a face you need never be ashamed of. Clean, clear, faultless. The beauty of "Honest Skin". Honest.

The door has closed on another year . . . behind it lies the proof of our success . . . long hours spent questioning and comprehending ideas and achievements of the past . . . thus opening doors to new knowledge of ourselves, our heritage, and the world in which we live . . . broadening our interests through participation in clubs . . . gaining satisfaction from giving of our time and ourselves . . . building stronger bonds of friendship . . . leisure hours spent relaxing from the everyday pace . . . the flurry and excitement of big social functions . . . joys and disappointments . . . the fruits of all of these serving as the keys to future doors and the success of our followers.
